## Brickwork Afghan

Although we make every effort to prevent errors from being published, we regret that they do occur and apologize for any inconvenience this may cause. We have corrected the instructions for making a Cluster (CL), and the number of rows in the pattern repeat. Please note the correction in **red**.

**CL** [Yo twice, working in front of work insert hook into skipped sc 3 rows below and draw up a loop, (yo and draw through 2 loops on hook) **twice**] 3 times, yo and draw through all 4 loops on hook.

Continue in pattern as set, repeating Rows 11-**26** for st pattern and keeping color sequence for dc rows (A, B, C, D, E) correct.

We apologize for any inconvenience. Patterns are corrected from September 13, 2019.
