No. 97158N
Knit Mermaid Tail Throw

Although we make every effort to prevent errors from being published, we regret that they do occur and apologize for any inconvenience this may cause. On page 2 of the pattern, when you are working the decreases, we have changed the row of the pattern you end with when you work to 106 stitches. Please note the changes in red.

Now work even in pattern without any further dec, until Throw measures about 28" [71 cm] from cast on, ending after a Row 16. Keeping pattern correct, dec on every Row 1, 5, 9 and 13 as before until 106 sts rem, ending after a Row 13.
Continue in pattern with Row 14, dec on every Row 1 and 9 only as before until 94 sts rem.

Patterns are corrected from September 11, 2017.

We apologize for any inconvenience.
