

No. 97982-3-4N

Texture & Lace Sweater

Although we make every effort to prevent errors from being published, we regret that they do occur and apologize for any inconvenience this may cause. We have written more clearly instructions for sewing the Fronts to the Back at shoulders, in center column of back page of pattern.

Mark center 6" [15 cm] of top Back. PM on each side of center.

Sew both shoulder seams, adjusting Fronts if needed to sew between edges and markers.

We apologize for any inconvenience. Patterns have been corrected from January 24, 2020.
