Although we make every effort to prevent errors from being published, we regret that they do occur and apologize for any inconvenience this may cause. The instructions for working the graph have been corrected. Please note changes in **red** below.

Also note, there may be more than one revision to a pattern.

If, on the graph, the letters appear to be the mirror image of how they are read, then follow the correction below. We have since corrected the graph -- if on your pattern the letters are facing the correct direction to read them, work from instructions on your graph, not the correction below.

Read all rows from right to left on charts.

At bottom right corner of all charts:

**BEGIN ALL ROWS
FROM THIS SIDE -
BOBBLES ARE ALWAYS
WORKED ON WRONG
SIDE ROWS**

We apologize for any inconvenience. Patterns are corrected from May, 2016.
