

# BioVex®

## EPA REGISTERED LIST N DISINFECTANT

**Safely reduce the spread Covid-19, blood borne pathogens, and communicable infections from non-porous surfaces.**

### Areas of Use

Cells & Showers  
Restrooms  
Workout Facilities  
Medical Facilities  
Transport Vehicles

### Concentrate Properties

Concentration: 2.00 – 2.10% available ClO<sub>2</sub>  
pH: 7.5 – 8.5  
Solubility in Water: Complete  
Very Low Acute Toxicity (EPA CAT III)  
Non-Flammable, Non-Explosive, Stable Solution

The proprietary blend of oxychloro chemistry of BioVex® provides disinfection by attacking the surfaces of microbes and breaking them down. It works immediately on contact, and remains working until dried. No residual active compound is left behind so no rinsing is required. BioVex® is also an excellent deodorizer.

BioVex® is designed to be diluted with a fixed amount of water to create an affordable yet effective sanitizer that can be used daily, or more often on problem contact areas or in special target areas.

**COVID-19 | MRSA | H1N1 | VRE | HEP-C | HIV**

**VIRUSES | BACTERIA | FUNGI | MOLD | MILDEW | ODORS | ALLERGENS**
