Prep Tray/Find Instruments

Chairside

#### **ORGANIZATION**

- Organizes instruments, accessories and disposables by procedure
- Color-coded cassettes and instruments for easy identification by procedure
- Quickly locate and identify clearly marked cassettes
- Professional chairside image through presentation of sterile packages
- Less counter space required vs. trays

#### SAFETY - REDUCE RISK OF INJURY AND EXPOSURE TO BLOODBORNE PATHOGENS BY:

- Minimizing handling of contaminated sharps
- Eliminating hand scrubbing
- Safer transportation of soiled instruments

#### **INSTRUMENT INTEGRITY**

- Potential damage (bending, breaking, etc.) is reduced by storing instruments in cassettes
- Reduced potential for lost or misplaced instruments
- Instruments held securely in proper cleaning positions (i.e., hinged instruments in open position) for optimal cleaning

#### **EFFICIENCY**

- Enhances chairside efficiency and easy training with standardized procedural set-ups
- Reduces set-up time with organized storage of instruments within procedural labeled cassettes
- Cassettes are placed into automated washer, ultrasonic bath and autoclave for facilitated cleaning and sterilization
- Reduces need for manual sorting of instruments into pouches
- Cleaning time reduced, allowing for a more productive team
