

A REAL WORKING FARM SHOP AND RESTAURANT

FARMING THE PASSION FOR OVER 30 YEARS!

Our restaurant uses its position within a working farm to the maximum. All of our produce including meat, eggs, fruit and vegetables are used in the kitchen and the result is a traditional farmhouse menu. It is not uncommon to see dripping vegetables just harvested come into the kitchen and fresh eggs laid that day used in many dishes.

OUR STORY

The PYO strawberry fields opened in 1990 with the Mounce family's produce barrow becoming a familiar site outside the family home in village of Lifton. The doors of the Lifton Farm Shop first opened on 1st June 2002 with extensions being built in 2009 and then again in 2014, 2019 and 2022. The family farm is devoted to the shop with the core produce continuing to stock the shop and provide ingredients for the restaurant just as it did for the barrow over 30 years ago.
