

Size Guide

We want to help you to pick the ring that best suits you. That is the only way to make you happy and enjoy your beautiful jewelry!

To follow this method, please follow the steps below:

- 1. Print this document on a 100% scaling. To make sure that you printed on the right scale, please place your bank card or creditcard in the space below**
- 2. Place a ring that you already have on the circle on the right**
- 3. Make sure that the inside of your ring matches the circle best. Try a couple of sizes to make sure the one you choose actually fits best with the inside of your ring**
- 4. If your ring is between two sizes and you are not sure which fits the best, go for the larger size**

Please note:

- Bigger and wider rings are tighter around the finger, please take that into account**
