There are significant changes (i.e. change of 25% or more as compared to the immediately previous financial year) in the key financial ratios due to partial Covid-19 impact and general economic slowdown.

Since your Company is a Debt free Company, Interest Coverage Ratio and Debt Equity Ratio are not applicable to the Company.

2. DIVIDENDS

The Board of Directors thought it prudent not to recommend any Dividend for the financial year ended 31st March, 2021.

3. TRANSFER TO RESERVES

The Board of Directors has decided to retain the entire amount of profits for FY 2020-21 in the Retained Earnings.

4. IMPACT OF COVID-19

The year under review was the toughest in the history of the Company. It started with an extreme negative outlook. The Company had to keep operations closed for the month of April and May 2020 and could begin in a gradual manner from June onwards complying the prescribed guidelines. In the last 10 days, just before the closing of the year, the business has again witnessed tough situation as Covid – 19 second wave started affecting the general public with alarming speed. The unprecedented slowdown in Real estate coupled with the credit crisis impacted demand for Marble and Granites. Throughout the year, demand was at real low levels and showed a slow declining trend but we see this as temporary phenomena.

Elegant Marbles and Grani Industries Ltd.

Having endured and managed to recover from the disruptions induced by a once-in-a-century event, your Company is cautiously looking forward to 2021-22 with hopes of putting up a better show in the post-COVID-19 world, although a lot will hinge on how the economy grows.

In order to overcome the unprecedented challenge, your Company embraced digitization to adapt to the new normal to serve customers while learning to be nimble footed to keep factories running under COVID-19 SOPs (Standard Operating Procedures) and concentrating on financial health by reducing costs and generating free cash flows. Post Lockdown, as the number of COVID-19 cases were reduced and launching of Corona Virus vaccine, your Company ramped up the operations with strict adherence to safety protocols. The Company has issued safety guidelines for its employees and workers.

- All safety protocol related to COVID-19 as advised by the government are already implemented and being followed.
- Detailed precautions & safety systems have been implemented with appropriate training to staff and workmen.
- Regular Fumigation of offices and warehouses and factories is being carried out.
- Social distancing norms being strictly followed at factories and offices.
- Sanitization and thermal screening of employees, truck drivers, other entrants and sanitization of loading and unloading vehicles at the entry gate of factories.
- Sanitizer & soaps in sufficient quantity at all common points.
- Work from home depending on severity of cases in the cities where we operate

5. STATE OF THE COMPANY'S AFFAIRS

Your Company's revenue from operations during the year under review was ₹ 925.71 lakhs as compared to ₹ 1027.56 lakhs in the previous year. The total loss incurred during the year under review was ₹ 78.62 Lakhs as against profit of ₹ 147.41 lakhs during the previous year.

The losses incurred during the period under review could be attributed to the havoc caused by the Global pandemic and the resultant nationwide lockdowns. The nature of business of the Company requires physical interaction with clients, however the hesitance and restriction on movement of people, led to the downfall in the revenue. The turnover during the first quarter of 2020 was the lowest.

Detailed analysis and future outlook of the Company's business are dealt in the Management Discussion and Analysis Report.

6. BUSINESS OVERVIEW

The Company continues to maintain its reputation as one of the most reputed manufacturers & providers of choicest and exclusive range of Indian & Imported Marbles & Granites. The Company is reaping rich dividends on its carefully cultivated long-term relationships with several niche clients in India & abroad. The Company has strived to innovate in technology and marketing and has evolved accepting the changing customer demands and aspirations.

The Company is constantly improving its efforts on marketing its products through e-commerce on its website thereby keeping itself abreast with the latest trends in marketing and accepting the changing customer demands and aspirations. Online marketing is expected to assist the Company to strive in the world of e-commerce keeping watch on customers buying habits, expansion of market for niche products, Inventory Management and various other benefits thereby targeting the untapped online market in order to enhance the top line and revenue by achieving economies of scale.

Aggressive marketing and rational utilization of resources by the Management of the Company has been an ongoing process as usual.

The Company has visualized on many uncharted territories in terms of creating a better future for itself in terms of new products and a wider range of colors and the Company is well positioned to capture benefits of the upturn.

Customer Relationships

The Company believes nurturing and maintaining the relationships with existing clients is as important as adding new names to its clientele. The Company has been exploring repeat orders with its existing clients and continues its efforts to widen its client base both geographically and numerically during the year under review and hopes to further expand it with the introduction of e-commerce facility on its website in the coming years.

The Company has also gained and maintained reputation for importing and distributing only the highest quality material while providing clients with personalized, detailed attention in selecting the right material for their projects.

Personnel & Performance

The Company has been able to develop an environment, which is conducive to high growth and performance, a work culture that encourages meritocracy and rewards high performers in an adequate and fair manner.

36th Annual Report 2020-2021

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The Management at Elegant Marbles and Grani Industries Limited is pleased to present the Management Discussion and Analysis Report which provides an insight of the Company's business, Industry structure, developments, outlook, opportunities, concern areas and performance of the Company with respect to the operations and other relevant information. This Report forms part of the compliance report on Corporate Governance.

Business of the Company:

Elegant Marbles was born and gradually evolved through a simple thought way back in 1984 – the thought that the country deserves nothing short of the best when it comes to marbles and granites. Glancing at the past trends, makes the Company proud of the fact that it has managed to live up to the promise of providing our clients with high quality products and services that have constantly surpassed their expectations, and helped us create an enviable position over time. Building up on our modest inception, Elegant Marbles today has grown tremendously in terms of quality, volume and variety, striving even further for the best. Its state-of-the-art factory is located at Abu Road, Rajasthan, and is equipped to deal with a massive capacity to cater marble and granite processing needs, providing a wide spectrum of multiple colours to choose from.

Elegant Marbles in conformity with its motto of nothing but excellence continues to select a wide and exotic bouquet of marbles and granites in a spectrum of combinations to go well with all combinations and interiors and is capable of effortlessly producing two-and-a-half million sq. ft. of superior quality marbles and granite tiles and slabs, per annum.

Economic Overview:

Global Economy

One year into the COVID-19 pandemic, the accumulating human toll continues to raise concerns, even as growing vaccine coverage lifts sentiment. High uncertainty surrounds the global economic outlook, primarily related to the path of the pandemic. The contraction of activity in 2020 was unprecedented in living memory in its speed and synchronized nature

Strong multilateral cooperation is required to bring the pandemic under control everywhere. Such efforts include bolstering funding for the COVAX facility to accelerate access to vaccines for all countries, ensuring universal distribution of vaccines, and facilitating access to therapeutics at affordable prices for all. Many countries, particularly low-income developing economies, entered the crisis with high debt that is set to rise further during the pandemic. The global community will need to continue working closely to ensure adequate access to international liquidity for these countries.

The swift recovery in China has surprised on the upside while the global economy's long ascent back to pre-pandemic levels of activity remains prone to setbacks. The global economy has come back, to a certain extent, from the depths of its collapse in the first half of the year under review. Employment has partially rebounded after having plummeted during the peak of the crisis. This crisis is however far from over. Employment remains well below pre-pandemic levels and the labour market has become more polarised with low-income workers, youth, and women being hit harder. The poor are getting poorer with close to 90 million people expected to fall into extreme deprivation this year.

Output in both advanced economies and emerging market and developing economies is projected to remain below 2019 levels even next year.

Global Outlook:

After an estimated contraction of -3.3 per cent in 2020, the global economy is projected to grow at 6 per cent in 2021, moderating to 4.4 per cent in 2022. The contraction for 2020 is 1.1 percentage points smaller than projected in the October 2020 World Economic Outlook (WEO), reflecting the higher-than-expected growth out turns in the second half of the year for most regions after lockdowns were eased and as economies adapted to new ways of working. The projections for 2021 and 2022 are 0.8 percentage point and 0.2 percentage point stronger than in the October 2020 WEO, reflecting additional fiscal support in a few large economies and the anticipated vaccine-powered recovery in the second half of the year. Global growth is expected to moderate to 3.3 per cent over the medium term, reflecting projected damage to supply potential and forces that predate the pandemic, including aging-related slower labour force growth in advanced economies and some emerging market economies. Thanks to unprecedented policy response, the COVID-19 recession is likely to leave smaller scars than the 2008 global financial crisis. However, emerging market economies and low-income developing countries have been hit harder and are expected to suffer more significant medium-term losses.

Indian Economy and Outlook

The Indian economy is estimated to have contracted by 8% in FY 2020-21. In the first quarter, with the implementation of nation-wide lockdown, the economy contracted by 24%, from which it slowly went into recovery mode (contraction in first half by 7% followed by low single-digit growth in the second half of FY 2020-21). Consumption patterns normalised towards the third quarter with increasing levels of demand for consumer and in-home food products. Economic indicators like Good and Services Tax collections, automobile and tractor sales, power demand is showing growth compared to last year. Given the gradual easing of restrictions and revival of several infrastructure projects by the government, manufacturing activity has increased.

National Outlook

India recorded the real GDP (gross domestic product) growth of 0.4% in the third quarter of FY21, as per the NSO's (National Statistical Office) second advance estimates. This rise indicates V-shaped recovery progression that started in the second quarter of FY21.

As per Economic Survey 2020-21, India's real GDP growth for FY22 is projected at 11%. This outlook is supported by mass vaccination drive, additional fiscal support and accommodative RBI monetary policy, strong rebound of private consumption (led by large government capital expenditure push) and growth in investment. However, there are risks to growth in the form of the second and third waves and its impact on economic outlook (including but not limited to another phase of lockdown measures being implemented), negative impact from financial sector distress and recovery of global economy.

Government Initiatives

In the Union Budget 2021-22, capital expenditure for FY22 is likely to increase by 34.5% at ₹ 5.5 lakh crore (US\$ 75.81 billion) over FY21, to boost the economy.

Increased government expenditure is expected to attract private investments, with production-linked incentive scheme providing excellent opportunities. Consistently proactive, graded and measured policy support is anticipated to boost the Indian economy.

Numerous foreign companies are setting up their facilities in India on account of various Government initiatives like 'Make in India' and 'Digital India'. Shri. Narendra Modi,

Elegant Marbles and Grani Industries Ltd.

Hon'ble Prime Minister of India, launched 'Make in India' initiative with an aim to boost country's manufacturing sector and increase purchasing power of an average Indian consumer, which would further drive demand and spur development, thus benefiting investors. The Government of India, under its Make in India initiative, is trying to boost the contribution made by the manufacturing sector with an aim to take it to 25% of the GDP from the current 17%. Besides, the Government has also come up with 'Digital India' initiative, which focuses on three core components viz. (i) creation of digital infrastructure, (ii) delivering services digitally and (iii) to increase the digital literacy

Industry Structure and Development:

Financial year 2020-21 witnessed the year of Global Economic meltdown. The macro environment during the year was highly volatile. The outbreak of Novel Coronavirus has wreaked havoc and devastated the global economy by disrupting its entire demand and supply chain. Several countries across the world resorted to lockdowns to "flatten the curve" of the infection which has brought the entire economic activity across the world to a standstill. The slowdown in Real estate coupled with the credit crisis impacted demand for Marble and Granites. Throughout the year, demand was at real low levels and showed a slow declining trend but we see this as temporary phenomena.

Rapid rollout of vaccines coupled with Government's efforts on stimulating growth improved consumer sentiment. Real Estate sector and consumer spending shall soon pick up and demonstrate exuberance and witness a complete turnaround with signs of revival in industrial activity and rapid growth in global economic performance.

Real estate in India also indicates signs of reviving during this time with the return of liquidity in the real estate sector by way of various packages announced by the government to provide liquidity in the recent months. Cash flows of realty players improved due to easy finance available at lower rates resulting in renewed construction of stalled projects and a few new launches as well. We can quite confidently assert that we will witness an exciting new era of development. We are fully prepared, equipped and updated to take advantage of the buoyant real estate demand which will generate a huge demand for the Company's multiple products.

Emerging out of the volatile economic situations with only minor bruises, the industry is poised to enter a growth phase and is on the threshold of a major transformation. In terms of demand, Marble and Granite Industry is comfortably placed and should see heightened demands in the days to come due to increase in infra and construction activities.

Business Overview:

Elegant Marble and Grani Industries Limited ("The Company") is one of the renowned Marble and Granite Company in India. The Company is a manufacturer and leading processor and retailer of premium quality Italian and Exotic marbles, semi-precious gemstones, Quartz Stone Slabs and Granites

At Elegant, we are committed to deliver "better for you" products maintaining high quality standards. With around thirty years of experience, product quality and dedication towards customer relationship, the Company has established remarkable brand image in the international market particularly in North America, Africa and Europe.

Elegant maintains a stringent 3 step quality control system before shipping. This broadly includes shade, dimension and surface finish.

Shade Consistency: At Elegant, we ensure that a high level of color consistency is maintained across all the shipments by procuring all the material from same mines

Dimensional Accuracy: The company ensures that the material is strictly manufactured according to dimensions (size and thickness) specified. By using advanced technology, the Company ensures tight tolerances

Surface Finish: The company has more than eight surface finishing options that can be done on marble, ensuring that the surface finish meets the quality requirements of the project

The Company has a very high production capacity and excellent distribution network across the globe. It is known to process more than 200 colors of a granite alone. The manufacturing and quarrying activities are performed by hand picking blocks and processing them on gang saws and cutters.

Financial and Operational Performance

The table below gives the Company's financial performance for 2020-21 compared with 2019-20:

Operating Profit Margin (%)	(33.78%)	(12.65%)	(167.03%)
Net Profit Margin (%)	(6.70%)	14.35%	(160.03%)

There are significant changes (i.e. change of 25% or more as compared to the immediately previous financial year) in the key financial ratios due to partial Covid-19 impact and general economic slowdown.

Since your Company is a Debt free Company, Interest Coverage Ratio and Debt Equity Ratio are not applicable to the Company.

Provision For Gratuity:

During the year the Company has got the valuation of its liability on account of gratuity from an authorised actuarial valuer Mr. A P Peethambaran vide his report dated 24th May, 2021. The Company has provided for the liability of ₹ 3,47,043/- on account of gratuity in its books of accounts on the basis of the report.

Segment-wise or Product-wise Performance

The Company manufactures and deals only in one segment i.e. Marbles and Granites and allied products. The information on performance of the same has been provided accordingly.

Covid-19 Impact on Business Outlook

The outbreak of Novel Coronavirus has disrupted the business of the Company. The Company had shut down its operations completely for the month of April and May 2020. The transition into work from home model was also challenging. The nature of business of the Company requires physical interaction with clients. However, the restriction on movement of people under lockdowns, further led to downfall in the revenue of the business. Your Company took an opportunity to create digital platform for promoting sales through digital means. As the Government lifted lockdown in phased manner, your company resumed operations by strictly abiding to the government guidelines. The sales picked momentum in the second quarter of FY20-21. While situation seemed to be getting into control, the country witnessed second wave of the Covid 19 in the last quarter of FY21, which led to alarming rise in Covid-19 cases and the resulting lockdowns took a toll on retail and wholesale businesses. The migrant workers went back to their home towns and the construction & Real Estate business suffered a heavy setback. The restriction on movements of International Flights caused hindrances for Import and Export of goods. The decline in the demand for goods coupled with the burden of fixed overheads, your company incurred losses during the period under review,

Opportunities and Threats

We are hoping that due to various government measures opportunities will spring up in Marble & Granite industry due to huge investments in Infrastructure, modern day architecture, interior designing, construction reforms and real estate activities. The constant growth of the Industry is bound to push up the demand for marbles and granites sizably both in domestic and international markets.

Further, The World is indeed becoming a Global city. Your company believes that niche opportunities exist in the Global arena which we are targeting to exploit resulting in positive growth. The company has accordingly built a business model tapping these opportunities and is also aligning its strategies to utilise opportunities in the domestic market. Your company deals in special range of Marble and Granites having exquisite textures, designs and colours for which the overseas and domestic markets, both are very demanding. Presently, it is one of the few companies which offer all natural stone products under one roof to the buyers. The demand for top quality natural stone products is also increasing in the domestic market and the company has setup Retail outlets at prime location of the country's financial capital – Mumbai so as to cater to the local demand for quality products. However, the number of natural stone exporters from India as well as local dealers dealing in imported and other natural stones catering to domestic market are increasing, thus reducing the margins and making the business competitive. The availability of manufactured stone products as an alternative to natural stones is also likely to affect the performance of the company.

The increase in discretionary spending has created a large market and demand for designer residences and the growth in construction sector has escalated the demand for marbles and granites both in domestic and international markets.

Your Company suspects all risk associated with pandemic as a threat to the smooth functioning of the Company business

Your Company has the necessary expertise and flexibility to quickly adapt to the changing market condition and capture the growth in sales leading to growth for the Company.

Future Outlook

The year 2020-21 saw unprecedented disruption to lives and livelihoods across the world and India was no exception. The economy declined sharply during first half of the fiscal year as the country grappled with the pandemic, however, effective measures taken by the Government of India and the Reserve Bank of India helped the Indian economy to recover. Rapid rollout of vaccines coupled with Government's efforts on stimulating growth improved consumer sentiments. Notwithstanding these encouraging developments, the Covid-19 pandemic is far from over. The trajectory of the pandemic still remains unpredictable to a very large extent, with country already witnessing a second wave of Covid-19. Our overriding priority remains, therefore, to protect lives and livelihoods.. We remain watchful of the situation while focusing on driving volume

36th Annual Report 2020-2021

led competitive growth. Even though conditions will remain unpredictable and we will be living with the effects of Covid-19 for some time, we remain confident of the medium to long-term growth prospects of the real estate/ construction sector. Our people have shown their resilience and commitment to rise in the most difficult circumstances. With our strong clientele, industry leading capabilities, resilient workforce and a clear Compass strategy guiding our decisions, we are well placed to deliver consistent, competitive, profitable, and responsible growth.

INDEPENDENT AUDITORS' REPORT

To the Members

Elegant Marbles And Grani Industries Limited,
Abu Road

1. Opinion

We have audited the standalone financial statements of ELEGANT MARBLES AND GRANI INDUSTRIES LTD. ("the Company"), which comprise the balance sheet as at 31st March, 2021, the statement of Profit and Loss, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, including Indian Accounting Standards (Ind AS) specified in Section 133 of the Act, of the state of affairs of the Company as at March 31, 2021, its profit, cash flows and the changes in equity for the year ended on that date.

2. Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

3. Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Non-receipt of audited statement of account in case of investment through PMS/Fund Managers

a. The Company has invested in shares, securities, debentures, units of mutual funds etc. through Fund Managers & Portfolio Management Service (PMS) providers. These Fund Managers/PMS entities provide statement showing investments made by them on behalf of the company, gains/losses earned/incurred on sale of such investments, expenses incurred by them including their fees for managing the portfolio and the balance of investments remaining with them at the end of the year. The Company accounts for these transactions in its books of accounts on receipt of such statements. However, in all these cases of investment through PMS/fund managers, the audited statements for the financial year is usually not received before finalisation of our audit and all the income, expenditure, gains/losses, investments are accounted for on the basis of unaudited statements provided by these PMS/fund managers to the Company. On the basis of its past experience, the management of the Company is of the opinion that generally no material difference in the income, expenditure, gains/losses, investment etc. is detected after the audited statements are provided by these PMS/fund managers.

Investment in debentures

b. The Company has invested in debentures of various private/public limited companies directly or through various funds managers/PMS and accounts for interest accrued and/or received on such investment in debentures from these companies/funds from time to time. However, in the case of investment in 20.50% debentures of Green Farm Tech Pvt. Ltd. amounting to ₹ 75,00,000/-, 20% debentures of Samruddhi Realty Ltd. amounting to ₹ 1,00,00,000/-, 18% debentures of Fortuna Buildcon (India) Pvt. Ltd. amounting to ₹ 49,00,000/-, 20% debentures of Diyug Construction Pvt. Ltd. amounting to ₹ 77,89,867/-, 17.25% debentures of Kasata Hometech (India) Pvt. Ltd. amounting to ₹ 87,17,500/- and 18% debentures of BCIL Red Earth Developers India Pvt. Ltd. amounting to ₹ 75,00,000/-, the interest and principal sums, wherever due, are not being received on due dates. These companies/funds managers/PMS managers have earlier informed the Company about the financial and/or liquidity crunch faced by these companies, status of their construction projects, the legal cases filed in various forums against these companies with current status of these cases and accordingly, advised the company not to account for such interest in its books of accounts on accrual basis. Accordingly, the interest on such debentures is not being accounted for on accrual basis. Further, having regard to the communications received/talks with these companies/fund managers/PMS managers and evaluation of the underlying assets made by the Board of Directors, in the management's perception, the amounts recoverable against these investments including interest thereon are fully secured by the underlying security of immoveable properties with their estimated market values adequately covering the principal amounts as well as interest accrued & already accounted for. In the circumstances, the management has taken a conscious decision to not to make a provision for any loss on recoverability of these debenture investments & interest already accounted in its books of accounts and defer the same till realisation of these debentures. In absence of any working for evaluation of underlying asset being produced before us, we are not in a position to comment on it.

Impact of Covid19 pandemic

c. The attention is drawn to Note No. 26.08 to the Notes to accounts which specifically describes the uncertainties and the impact of the Covid19 pandemic on the operations, going concern status and recoverability of the assets of the company. The management has assessed the impact of the lockdown and related restrictions imposed by the governmental authorities to control pandemic and came to the conclusion that there is no material impact on the company's financial and operational health.

Our procedures included, but were not limited to the following:

- (i) Non-receipt of audited statement of account in case of investment through PMS/Fund Managers
 - (a) Obtained an understanding of management's process of recording of investments, profit/loss on sale of such investments, expenses etc. and evaluated it on the basis of earlier year's audited & unaudited statements furnished by the PMS entities to check about the difference in the results that occur.
 - (b) Assessed the appropriateness of the methodology and corrective actions taken in subsequent years.
 - (c) Assessed the reasonableness & correct recording of the transactions by the PMS entities based on historical data available with the Company.
- (ii) Investment in debentures
 - (a) Obtained an understanding of management's process & methodology of investing in debentures, evaluated the methodology adopted for assessing the realisability of the debentures & interest thereon and security available against such investment in debentures. We also tested effectiveness of such evaluation process adopted by the management to determine recoverable value of the security available.
 - (b) Assessed the appropriateness of the methodology and valuation model used by the management to estimate the recoverable value of securities underlying these investments.
 - (c) Assessed the reasonableness of the assumptions made by the management regarding the value of underlying security and realisability of the same to cover the investment made by the Company.
- (iii) Impact of Covid19 pandemic
 - (a) Assessed the impact of lockdown and resultant closure of operations on the financials of the company;
 - (b) Assessed the recoverability of the debtors, inventory, investments and other assets and the ability of the company to repay its liabilities;
 - (c) Assessed the reasonableness of the assumptions made by the management regarding assessing the situation post-Covid19 pandemic.

4. Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

5. Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

36th Annual Report 2020-2021

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

(a). Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

(b). Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(l) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

(c). Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

(d). Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

(e). Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

6. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
7. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
8. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are, therefore, the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matters or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest of such communication.

9. Other Matters

Our attendance at the time of physical inventory taken by the management was not practicable under the lockdown conditions and accordingly, we have relied upon the report of the internal auditors and have performed alternative procedures to audit on the existence and condition of inventory at year end as per the guidance provided in "SA-501 - Audit Evidence - Specific considerations for selected items" and have obtained sufficient audit evidence to issue our unmodified opinion on these financial results.

10. Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

11. Further to our comments in Annexure A, as required by Section 143(3) of the Act, we report that:

(a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

(b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

(c) The Standalone Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.

Elegant Marbles and Grani Industries Ltd.

- (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- (h)
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

Annexure 'A' to the Independent Auditors' Report

Referred to in paragraph 10 of the Independent Auditors Report of even date to the Members of Elegant Marbles And Grani Industries Ltd. on the standalone financial statements of the Company for the year ended March 31, 2021

- I. a)The company has maintained proper records of fixed assets showing full particulars including quantitative details and situation of fixed assets.
b)As explained to us, the fixed assets have been physically verified by the management during the year in accordance with a regular programme for verification, which in our opinion is reasonable having regard to the size of the company and nature of its assets. No material discrepancies were noticed on such physical verification.
c)The title deeds of immovable properties are held in the name of the company.
- ii. a)The inventories have been physically verified by the management during the year on a monthly basis. In our opinion, the frequency of such verification is reasonable.
b)The inventories have been physically verified by the management during the year on a monthly basis. As explained to us, the internal auditors have also participated in the inventory physical verification process and have reported a slight variation which was insignificant having regard to the size of the company. We have relied on the same and in our opinion, the frequency of such verification is reasonable.
c)In our opinion and according to the information and explanation given to us, the company is maintaining proper records of inventory. The discrepancies noticed on verification between physical stocks and book records were not material and have been properly dealt with in the books of accounts.
- iii. The Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability partnerships or other parties covered in the Register maintained under section 189 of the Act. Accordingly, the provisions of clause 3 (iii) (a) to (c) of the Order are not applicable to the Company and hence not commented upon.
- iv. In our opinion and according to the information and explanations given to us, the company has complied with the provisions of section 185 and 186 of the Companies Act, 2013 in respect of loans, investments, guarantees, and security.
- v. In our opinion and according to the information and explanations given to us, the company has not accepted any deposit in contravention of section 73 to section 76 or any other relevant provision of the Companies Act, 2013 and Companies (Acceptance of Deposits) Rules, 2014. As informed to us, no order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any other Court or tribunal.
- vi. Having regard to the turnover of the Company and as per the information and explanation given to us, in our opinion, the rules regarding maintenance of cost records under section 148(1) of the Companies Act, 2013 are not applicable to the Company.
- vii. a.The company is generally regular in depositing undisputed statutory dues including provident fund, employees' state insurance,

Annexure 'B' to the Independent Auditor's Report

Referred to in paragraph 11(f) of the Independent Auditors' Report of even date to the Members of Elegant Marbles And Grani Industries Ltd on the Standalone financial statements for the year ended March 31, 2021.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. We have audited the internal financial controls over financial reporting of ELEGANT MARBLES & GRANI INDUSTRIES LTD. ("the Company") as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance

Elegant Marbles and Grani Industries Ltd.

Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

6. A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The company is engaged in manufacture & trading of marble, granites & other stones tiles & slabs. The details regarding registered office, corporate office & principal place of business is disclosed in the introductory page of this Annual Report.

NOTE '1': SIGNIFICANT ACCOUNTING POLICES

1.1. Basis of preparation and presentation

(i) The financial statements have been prepared in accordance with Indian Accounting Standards ('Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 (the 'Act') read with of the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other relevant provisions of the Act.

(ii) The Financial statements have been prepared on the historical cost basis except certain financial assets & liabilities which are measured at fair value, defined benefit and other long-term employee benefits and assets held for sale - measured at fair value less cost of sell:

(iii) All the assets and liabilities have been classified as current or non-current as per the company's normal operating cycle of twelve months and other criteria set out in Schedule III of the Companies Act, 2013.

(iv) All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

1.2. Use of Estimates & Judgements

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

NOTES ANNEXED TO AND FORMING PART OF FINANCIAL STATEMENTS AS AT 31ST MARCH, 2021

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

1.3. Property, Plant and Equipment

- (i) Property, plant and equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment loss, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.
- (ii) Capital work-in-progress includes expenditure during construction period incurred on projects under implementation treated as pre-operative expenses pending allocation to the assets. These expenses are apportioned to the respective fixed assets on their completion/ commencement of commercial production.
- (iii) Depreciation on property, plant and equipment is provided based on useful life of the assets prescribed in Schedule II to the Companies Act, 2013 on straight line method.
- (iv) When an assets is scrapped or otherwise disposed off, the cost and related depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in statement of Profit and Loss.
- (v) The Residual Value, useful lives and methods of depreciation of property, plant and equipment are reviewed at the end of each financial year and adjusted prospectively, if appropriate.

Intangible Assets

Intangible assets are stated at cost less accumulated amortization and impairment. Intangible assets are amortized over their respective individual estimated useful lives on a straight-line basis, from the date that they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors and the level of maintenance expenditures required to obtain the expected future cash flows from the asset. Amortization methods and useful lives are reviewed periodically including at each financial year end.

1.4. Impairment of Non-financial Assets

The Company assesses at each reporting date whether there is any objective evidence that a non-financial asset or a group of non-financial assets are impaired. If any such indications exists, the Company estimates the amount of impairment loss which may be caused to the company. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the individual asset/cash generating unit is made.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognised in profit or loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through profit or loss.

1.5. Investment property

Property that is held for long-term rental yields or for capital appreciation or both, and that is not used by the Company, is classified as investment property. Investment property is measured at its cost, including related transaction costs and, wherever applicable, borrowing costs less depreciation and impairment, if any.

1.6. Cash & cash equivalents

Cash and Cash equivalents include cash and Cheque in hand, bank balances and demand deposits with banks that are readily convertible to known amounts of cash & which are subject to an insignificant risk of changes in value where original maturity is three months or less.

NOTES ANNEXED TO AND FORMING PART OF FINANCIAL STATEMENTS AS AT 31ST MARCH, 2021

1.7. Inventory

Inventories of Finished Goods and Stock-in-trade are stated 'at the lower of cost or net realisable value'. Raw Materials, Work-in-Progress and Goods-in-transit are stated 'at cost'. Cost comprise all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost formulae used are 'First-in-First-out'. Due allowance is estimated and made for defective and obsolete items, wherever necessary.

Having regard to the nature & value of items of Stores & consumables, the same are treated as consumed in the year of their purchase.

1.8. Financial Instruments

(i) **Financial Assets**

Initial Recognition and Measurement

Financial assets are recognised when the company becomes party to the contractual provisions of the instruments. All Financial assets are initially recognised at fair value. Transaction costs that are directly attributable to the acquisition or issue of Financial Assets, which are not at Fair Value Through Profit or Loss, are adjusted to the fair value on initial recognition. Purchase and sales of financial assets that recognised using trade date accounting.

Subsequent measurement

Financial assets, other than equity instruments, are subsequently measured at amortised cost or fair value through other comprehensive income (OCI) or fair value through profit or loss on the basis of:

- the entity's business model for managing the financial assets; and
- the contractual cash flow characteristics of the financial asset.

Financial assets carried at amortised cost (AC)

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through profit or loss (FVTPL)

Investment in financial asset other than equity instrument, not measured at either amortised cost or FVTOCI is measured at FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised in the Statement of Profit and Loss.

Equity Instruments:

All investment in equity instrument classified under financial assets are subsequently measured at fair value. Equity instruments which are held for trading are measured at FVTPL.

For all other equity instruments, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis.

NOTES ANNEXED TO AND FORMING PART OF FINANCIAL STATEMENTS AS AT 31ST MARCH, 2021

Impairment of financial assets

In accordance with Ind AS 109, the company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL)

Expected credit losses are measured through a loss allowance at an amount equal to:

- The 12 month expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instruments).

(ii) Financial liabilities

Initial recognition and measurement

All financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognised at fair value and, in case of loans and borrowing and payables, net of directly attributable transaction cost.

The Company's financial liabilities includes trade and other payables, loans and borrowings including bank overdrafts and derivative instruments.

Subsequent measurement

Financial liabilities measured at amortised cost are subsequently measured using Effective Interest Rate (EIR) method. Financial liabilities carried at fair value through profit or loss (FVTPL) are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

Loans & Borrowings

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using EIR method. Gains and losses are recognized in profit & loss when the liabilities are derecognized as well as through EIR amortization process.

Financial Guarantee Contracts

Financial guarantee contracts issued by the Company are those contracts that requires a payment to be made or to reimburse the holder for a loss it incurs because the specified debtors fails to make payment when due in accordance with the term of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee.

Subsequently the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative adjustments.

(iii) Derivative financial instruments and Hedge Accounting

The Company can use various derivative financial instruments such as interest rate swaps, currency swaps, forwards & options and commodity contracts to mitigate the risk of changes in interest rates, exchange rates and commodity prices. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are also subsequently measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

NOTES ANNEXED TO AND FORMING PART OF FINANCIAL STATEMENTS AS AT 31ST MARCH, 2021

Any gains or losses arising from changes in the fair value of derivatives are taken directly to Statement of Profit and Loss, except for the effective portion of cash flow hedges which is recognised in Other Comprehensive Income and later to Statement of Profit and Loss when the hedged item affects profit or loss or treated as basis adjustment if a hedged forecast transaction subsequently results in the recognition of a non-financial assets or non-financial liability

For the purpose of hedge accounting, hedges are classified as:

Cashflow hedge

The Company designates derivative contracts or non derivative financial assets / liabilities as hedging instruments to mitigate the risk of movement in interest rates and foreign exchange rates for foreign exchange exposure on highly probable future cash flows attributable to a recognised asset or liability or forecast cash transactions. When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognized in the cash flow hedging reserve being part of other comprehensive income. Any ineffective portion of changes in the fair value of the derivative is recognized immediately in the Statement of Profit and Loss. If the hedging relationship no longer meets the criteria for hedge accounting, then hedge accounting is discontinued prospectively. If the hedging instrument expires or is sold, terminated or exercised, the cumulative gain or loss on the hedging instrument recognized in cash flow hedging reserve till the period the hedge was effective remains in cash flow hedging reserve until the underlying transaction occurs. The cumulative gain or loss previously recognized in the cash flow hedging reserve is transferred to the Statement of Profit and Loss upon the occurrence of the underlying transaction. If the forecasted transaction is no longer expected to occur, then the amount accumulated in cash flow hedging reserve is reclassified in the Statement of Profit and Loss.

Fair value hedge

The Company designates derivative contracts or non derivative financial assets / liabilities as hedging instruments to mitigate the risk of change in fair value of hedged item due to movement in interest rates, foreign exchange rates and commodity prices.

Changes in the fair value of hedging instruments and hedged items that are designated and qualify as fair value hedges are recorded in the Statement of Profit and Loss. If the hedging relationship no longer meets the criteria for hedge accounting, the adjustment to the carrying amount of a hedged item for which the effective interest method is used is amortised to Statement of Profit and Loss over the period of maturity

(iv) **Derecognition of financial instruments**

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

1.9. Leases

Company as a lessee

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset; (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease; and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

NOTES ANNEXED TO AND FORMING PART OF FINANCIAL STATEMENTS AS AT 31ST MARCH, 2021

Lease liability is measured by discounting the lease payments using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rate. Lease payments are allocated between principal and finance cost. The finance cost is charged to statement of profit and loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

The ROU assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payment made at or prior to the commencement date of the lease plus any initial direct cost less any lease incentives and restoration cost. They are subsequently measured at cost less accumulated depreciation and impaired losses, if any. ROU assets are depreciated on a straight line basis over the asset's useful life or the lease whichever is shorter. Impairment of ROU assets is in accordance with the Company's accounting policy for impairment of tangible and intangible assets.

Company as a lessor

Lease income from operating leases where the Company is a lessor is recognised in the statement of profit and loss on a straight line basis over the lease term.

1.10. **Fair Value Measurement:**

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability
- The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- Level 1: Quoted (unadjusted) prices in active markets for identical assets or liabilities.
- Level 2: Other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.
- Level 3: Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

1.11. **Borrowing Cost**

Borrowing costs include interest expenses as per effective interest rate and exchange differences arising from foreign currency

NOTES ANNEXED TO AND FORMING PART OF FINANCIAL STATEMENTS AS AT 31ST MARCH, 2021

borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred.

1.12. **Provisions and Contingent liabilities and contingent assets**

Provisions represent liabilities for which the amount or timing is uncertain. Provisions are recognized when the Company has a present obligation (legal or constructive), as a result of past events, and it is probable that an outflow of resources, that can be reliably estimated, will be required to settle such an obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognized in profit or loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

Contingent assets are not recognised but disclosed in the financial statements when an inflow of economic benefits is probable.

1.13. **Revenue Recognition**

Revenue is recognized upon transfer of control of promised goods and services to buyer in an amount that reflects the consideration which expects to received in exchange of goods and services.

Sale of goods:

Revenue from sale of goods is recognised when the significant risks and rewards of ownership of the goods have been transferred to the buyer either at the time of dispatch or delivery or when the risk of loss transfers. Export sales are generally recognized based on the shipped on board date as per bill of lading, which is when substantial risks and rewards of ownership are passed to the customers.

Revenue from sale of goods is net of taxes and recovery of charges collected from customers like transport, packing etc. are not treated as part of sales. Sales returns are recognised when appropriate. Revenue is measured at the fair value of consideration received or receivable and is net of price discounts, allowance for volume rebates and similar items.

Claims/Refunds not ascertainable with reasonable certainty are accounted for on final settlement and are recognized as revenue on certainty of receipt on prudent basis.

Rendering of services:

Revenue from sale of services are recognized when the services are rendered.

Other Income

Dividend income on investments is recognised when the right to receive the dividend is established.

Interest income is recognized on a time proportionate basis taking into account the amounts invested and the rate of interest on prudent basis.

1.14. EMPLOYEE BENEFITS

Short term employee benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

Post-employment benefits

Define contrubution Plans

A defined contribution plan is a post-employment benefit plan under which the Company pays specified contributions to a separate entity. The Company makes specified monthly contributions towards Provident Fund, Superannuation Fund and Pension Scheme. The Company's contribution is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

Defined benefit Plans

The Company pays gratuity to the employees whoever has completed five years of service with the Company at the time of resignation/superannuation. The gratuity is paid @ 15 days salary for every completed year of service as per the Payment of Gratuity Act, 1972.

Re-measurments of defined benefit plans in respect of post-employment are charge to Other Comprehensive Income.

Empolyee Separation Costs

Compensation to employees who opt for retirement under the voluntary retirement scheme, if any, of the Company is payable in the year of exercise of option by the employee. The Company recognises the employee separation cost when the scheme is announced and the Company is demonstrably committed to it.

1.15. Foreign exchange transactions and translation

The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

Transactions in foreign currencies are recognised at the prevailing exchange rates on the transaction dates. Realised gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss.

Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss except to the extent of exchange differences which are regarded as an adjustment to interest costs on foreign currency borrowings that are directly attributable to the acquisition or construction of qualifying assets, are capitalized as cost of assets.

Monetary foreign currency assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

1.16. TAXES ON INCOME

Income tax comprises current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to

the extent it relates to items directly recognized in equity or in other comprehensive income.

- Current Tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance sheet date.

- Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

1.17. Government Grants

Government grants are recognised when there is reasonable assurance that the grant will be received and all attached conditions will be complied with.

Government grants related to revenue are recognised on a systematic basis in the statement of profit and loss over the periods necessary to match them with the related costs which they are intended to compensate. Such grants are deducted in reporting the related expense. When the grant relates to an asset, it is recognized as income over the expected useful life of the asset.

In case a non-monetary asset is given free of cost, it is recognised at a fair value. When loans or similar assistance are provided by government or related institutions, with an interest rate below the current applicable market rate, the effect of this favourable interest is recognized as government grant. The loan or assistance is initially recognized and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received.

1.18. Earning Per Share

The basic earning per share (EPS) is computed by dividing the net profit after tax available to equity share holding for the year by the weighted average number of equity shares outstanding during the current year.

The diluted EPS is calculated on the same basis as basic EPS, after adjusting for the effects of potential dilutive equity shares unless impact is anti-dilutive.

26.8 Due to intermittent lockdowns announced by the Government due to Covid-19 pandemic, the operations of the company at its Mumbai godown and at its Abu Road works came to a standstill. However, with the relaxation in the lockdown conditions, the operations at its factory & its godowns started adhering to social distancing and other prescribed restrictions. The lockdowns has resulted in adversely affecting the operations & profitability of the company for the current period.

The Company has assessed the impact of the lockdown and consequent economic slowdown on business operations, revenues, cash flows and its ability to repay its liabilities and is confident that the company has adequate stocks of raw material, stores and finished goods to sustain any disruption in supply chain and revenue streams & liquidity to repay its liabilities.

The Company is hopeful and confident that the current unfortunate events due to Covid19 pandemic resulting in lockdown and consequent stoppage and slowdown of economic activities has not and will not affect the recoverability of the company's investments & assets, ongoing pertinence of its business, valuation & realisation of its inventory & debtors and its ability to repay liabilities. The company's ongoing business operations are not going to be affected on a long term basis. The management has taken steps to mitigate any impact which might have been on the company's business and its liquidity position.

The Company has exercised due care in determining its significant accounting judgment and estimates while preparing its financial statements including internal controls over financial reporting. As per the current assessment made by the company, there is no material impact on the carrying values of inventory, trade receivables, other financial monetary & non-monetary assets as on the reporting date. However, the final impact may differ from the current estimates made as at the date of approval of financial statements for the year ended 31st March, 2021 considering the prevailing uncertainties.

26.9 During the year, the management has, on the basis of reports and deliberations with the debenture issuing companies, Fund Managers, PMS Managers and other enquiries made in the market, undertaken steps to evaluate the immoveable properties given as security against debentures issued by the issuing companies as neither the interest nor the principal were received on due dates. Further, the PMS managers/Fund managers/concerned companies had earlier asked for non-recording of interest accruing on investment in these debentures due to Covid-19 related lock-downs resulting in funds crunch faced by them while steps were taken by filing cases under various laws and in appropriate courts. On such evaluation of underlying securities of immovable properties, the management is of the view that the realisable value of these underlying assets was enough to cover the principal as well as interest accrued & accounted for in the books of the company. In such a scenario, a conscious & prudent decision was taken to wait till the court cases are settled and investments are repaid by the debenture issuing companies.

Level 2: Inputs other than the quoted prices included within Level 1 that are observable for the assets or liability, either directly or indirectly.

Liquidity Risk

Liquidity risk is the risk that suitable sources of funding for the company's business activities may not be available. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due, so that the company is not forced to obtain funds at higher rates. The Company monitors rolling forecasts of the Company's cash flow position and ensure that the Company is able to meet its financial obligation at all times including contingencies.

Credit Risk

Credit risk is the risk that a customer or counterparty to a financial instrument will fail to perform or pay amounts due causing financial loss to the company. It arises from cash and cash equivalents, financial instruments and principally from credit exposures to customers relating to outstanding receivables. The Company deals with highly rated counter parties.
