DESCRIPTION:

CleanLIFE On The Go 2 in 1 sanitising wipes are for those 'must have' disinfecting moments. These are ideal for travel and everyday use or can be disposed in general waste when dirty or soiled. CleanLIFE On The Go wipes are certified to the Australian Flushable Standard - AS/NZS 5328. You may purchase a pack with more generic flushable guidance that was made before we achieved the Australian Flushable Standards as we do not want to waste these given we are trying to clean up our plastic problem.
