Elizabeth II, Queen of United Kingdom

Becoming Queen at just age 25, Elizabeth II led a devout and dutiful life of service. She was served by 15 UK Prime Ministers during her tenure, beginning with Winston Churchill in 1952. Elizabeth was the first to celebrate a Platinum Jubilee, ruling for 70 years on the throne. That's the longest reigning monarch in Britain's history. The Queen loved Scottish country dancing. Every year, she hosted annual dances known as Ghillies' Balls for staff and members of the local community. These were held at Balmoral Castle in Scotland, where she died peacefully on September 8, 2022.
