

FNG 5 SERIES

FNG 5 OFF-ROAD 5" LIGHT PODS

The FNG 5 is the latest 5" pod technology. We've packed the latest 4 12w Osram LED chips in a compact housing. The reflectors comes hot off the press with a monster Hyper-Spot beam pattern that can be changed to flood or combo with easy snap-on covers. It's all connected by a rugged weather-resistant enclosure that can be mounted practically anywhere and will withstand demanding environments.
