

# Essential English Language Skills

This is the most exciting power point resource making life easier for the busy teacher of English.

A lesson can be presented with questions and examples and the students can mark the answers just by clicking the next screen. You can have an interactive English Language skills lesson without the worries of the students forgetting their textbooks.

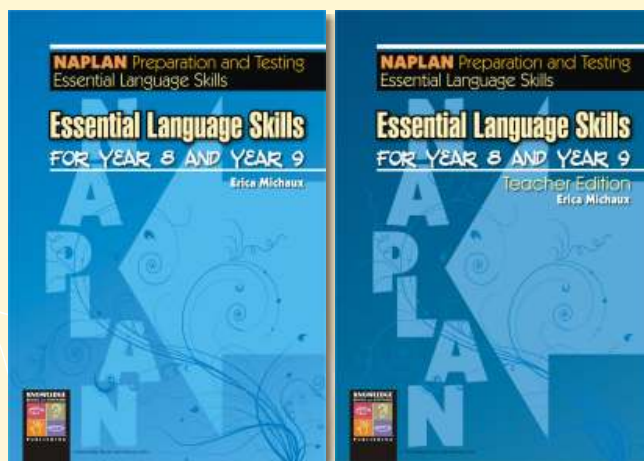

## Language Conventions for Year 8 and Year 9

- Student Workbook
- Teacher Edition

Testing in literacy and numeracy in Years 3, 5, 7 and 9 is now an integral part of the curriculum for students in Australian schools.

This workbook provides numerous practice worksheets in Language Conventions, which tests spelling, grammar and punctuation.

It is vitally important that students have a sound understanding of language if they are to hold their own in these stringent tests. In working through the exercises in this workbook, students and teachers will be able to identify their strengths and any weaknesses which need to be addressed.

## Essential Language Skills for Year 8 and Year 9

- Student Workbook
- Teacher Edition

Writing clear, concise, fluent English requires a basic understanding of the structure of our language. 'Essential Language Skills' provides definitions of all the major rules needed to acquire this understanding.

Knowing the names and meaning of words, (such as nouns, verbs, adjectives and adverbs), gives students and teachers a 'metalanguage' to talk about writing in a significant way, thus empowering students to control what they write.

### NAPLAN Preparation and Testing PowerPoints.

Every teacher encounters the problem of students not bringing the correct textbook to class.

These PowerPoints provide the teacher with an instant NAPLAN revision sheet. The students can all practice for the test in the classroom, then the teacher can provide the answers immediately using the neatly designed animations.

They can also be used without the workbook as a purely oral exercise. The answers appear with the click of the mouse. Just select 'play'.
