Speech Pathology Newsletter

Dear Speech Pathologists.

I have available two new products.

A simple method to show the clients the anatomy you are speaking about. Each diagram is simply and concisely illustrated. The Tear off Sheet Pad makes it easy for you to communicate visually with your clients using our clear concise illustrations, and you can give them a *Tear Off Sheet* page to keep.

Also I am including a link for you to read about our nationally successful phonics Reading LINK program.

The link is www.kbs.com.au/pdf/readingLINK.pdf

Kind regards,

Robyn

Knowledge Books and Software

robyn@kbs.com.au www.kbs.com.au
