Science Series

**Reading Recovery level:** 10

**Word count:** 241

**Text type:** Narrative

**Content:** Fiction

**Subject:** Earth and Space Sciences

**ACARA reference:** ACSSU004 Daily and seasonal changes.

**Teacher notes:** The daily patterns of nature can also apply to the weather. The weather is explored for the varying conditions which can occur within a short period of time.

**Difficult words:** burrow, explore, beach, rain, windy, cold, calm, clouds, snow, frozen, different, weather, changes, rainbow, sunlight.

Today the weather is sunny and warm. WomWom comes out of her burrow. The day is not hot now. It is a good time to explore.

Some days WomWom goes to the beach. It is not far from her burrow. WomWom is happy to be outside.

Some days are cold and rainy.  
WomWom stays in her  
burrow. She does not like the  
rain.

Some days are windy.  
WomWom does not like the  
wind. WomWom will get  
cold in the wind.

Some days there is no wind.  
WomWom walks to the  
rocks next to the sea. She  
looks at the calm water.
