

# ReGenerZyme® Adrenal

## PRODUCT SUMMARY

Adrenal glands come to the rescue when stress is high or if hormones are low. They are involved in the production of more than 50 hormones used for energy and controlling metabolism, blood sugar, water and electrolytes, blood pressure and immune system response. The adrenals are quick to respond to stress and emergency situations.

If the adrenals are not functioning optimally, symptoms involving the heart, brain, immune system, kidneys, and structures of the body may appear. These may include exhaustion, low libido, melancholy moods, asthma, imbalanced blood sugar, knee and back pain, fluid retention and even high cholesterol.

People often use stimulants to motivate *tired* adrenals into action. Dr. Dick Versendaal taught this type of *motivation* was like whipping a tired horse. The exhausted horse will run...until it can run no more. The adrenals actually need rest, hydration and restoration, not more *whipping*. ReGenerZyme Adrenal hydrates and provides nutritional resources so the adrenals can rest and restore.

ReGenerZyme® Adrenal Contains 90 Capsules

## KEEPING YOU HEALTHY WITH REGENERZYME® ADRENAL

- **Adrenals, Heart and Thyroid**

Adrenal glands serve as a backup system to the heart by promoting energy, strength, stamina and controlling heart rate and blood pressure through hormone production. ReGenerZyme Adrenal supports rehabilitation, an active lifestyle, and the extra energy demands of athletes.

Overworking adrenals can cause an imbalance in the thyroid hormones. Support the adrenals with ReGenerZyme Adrenal so the thyroid can return to balance.

- **Cholesterol Balance**

Cholesterol is necessary for hormone production. ReGenerZyme Adrenal balances cholesterol by supporting healthy adrenals as they utilize cholesterol to make hormones.

- **Hormones and Libido**

ReGenerZyme Adrenal nourishes adrenal glands, a source of sex hormone production. This in turn supports the ovaries and uterus, testicles and prostate. When the body is low on hormones, the adrenals will work to create them. A balance of many hormones promotes and maintains a healthy libido: sex drive, curiosity, desire, devotion, eagerness, fervor, heart, hope, instinct, intellectual curiosity, love, passion, personality and pleasure.

- **Stress Management**

Adrenal glands become warriors when called upon to fight battles of physical and/or emotional stress. They provide energy and support to the heart, brain, immune system and metabolism. ReGenerZyme Adrenal strengthens and calms the adrenals through the trials.

# ReGenerZyme® Adrenal

## EXPERIENCE THE DIFFERENCE:

VerVita nutrition supports the body functioning as a whole; it nourishes and balances the energy flowing through every structure, organ, gland, and cell. A healthy rhythm and function are created as the formulas are designed to synergistically stimulate/relax and push/pull.

## KEY INGREDIENTS OF REGENERZYME® ADRENAL

**Glandulars: Adrenal tissue concentrate** is known as “natural cortisone” because it contains all the natural hormone precursors; the adrenal glands use these precursors for normal hormonal production.

**Pituitary tissue concentrate** supports the pituitary gland as it works with the adrenals to manage the body’s ability to handle stress.

**7-Keto-DHEA** supports adrenal and thyroid function without converting to sex hormones such as estrogen or testosterone. This compound has been used for weight loss, building muscle, improving memory, increasing libido and relieving symptoms of menopause.

**Antioxidants: Bioflavonoids (citrus)** are rich in antioxidant and anti-inflammatory properties. They support the immune system. When combined with **Vitamin C**, both have an increase in effectiveness. Together, bioflavonoids and vitamin C stimulate the production of bile, which helps the digestive system and balances cholesterol.

**Vitamins and Minerals: Vitamin B6, Riboflavin, Thiamin, Pantethine, Vitamin C, Niacin** and **Magnesium** are all necessary for balancing adrenal activity. They stimulate and calm, reduce inflammation, support cholesterol balance and assist in digestion and metabolism of nutrients.

**Choline** is anti-inflammatory and is important for memory, focus and muscle as it supports the brain and nervous system. It is also used to detoxify, cleanse and lubricate the liver, gallbladder, colon and bladder from accumulated toxins. It assists in removing fat from the heart and liver.

**L-Methionine** supports liver detoxification, the brain and energy production.

Supplement Facts		
Serving Size: 1 capsule		
Servings per bottle: 90		
	Amount Per Serving	Daily Value
Vitamin C (as l-ascorbic acid)	100 mg	167%
Thiamin (vitamin B1)	5 mg	333%
Riboflavin 5'-phosphate (vitamin B2)	5 mg	294%
Niacin (20 mg as niacinamide, 5 mg as niacin)	25 mg	150%
Vitamin B6 (pyridoxal-5-phosphate)	6 mg	300%
Magnesium (as glycinate & amino acid chelate)	15 mg	4%
Adrenal (raw bovine tissue concentrate)	100 mg	*
Pituitary (raw bovine tissue concentrate)	10 mg	*
Bioflavonoid complex (includes quercetin)	25 mg	*
L-methionine	20 mg	*
Choline (bitartrate)	20 mg	*
Pantethine	8 mg	*
7-keto DHEA	2 mg	*

\*Daily Value not established.

Other Ingredients: gelatin (capsule), magnesium (as amino acid chelate)

**CONTAINS METHYLATED (ACTIVE FORM) B VITAMINS FOR OPTIMAL METHYLATION**

## VERVITA PRODUCTS ARE FREE FROM:

GMOs, Soy, Gluten, Corn, Egg and Dairy, Fish, Crustaceans/Shellfish, Tree Nuts, Peanuts, MSG, Sugar and Sweeteners, Artificial Colors, Dicalcium Phosphate, Magnesium Stearate, Croscarmellose, Excipients/Synthetic Fillers and Flow Agents.
