

ReGenerZyme® Thyroid

PRODUCT SUMMARY

The thyroid gland can be called the “mother of happiness” because it generates the hormones necessary for the joy of the human experience: a happy brain, a happy heart and the intuitive wisdom for achieving our dreams. Like its shield shape, the thyroid also acts as a “shield” from negativity. It is also important for metabolism and support of the adrenals and kidneys.

Over 27 million Americans have thyroid conditions, and this number continues to increase. Speculation about thyroid issues centers on food additives, nutritionally depleted foods, stress, microwave radiation, and electromagnetic frequencies (cell phones, televisions and computers).

An *underactive thyroid* may cause fatigue, weight gain, dry skin and hair, hair loss, brittle nails, depression, low sex drive, low blood pressure, irregular and/or painful menstrual periods, and high cholesterol. The thyroid can also be *overactive* creating symptoms of nervousness, insomnia, exhaustion, weight loss, excessive hunger, pounding heart, shaky hands, and light or no menstrual periods. Balance is needed.

ReGenerZyme Thyroid was formulated to hydrate, balance and restore the energy of the thyroid so it can produce hormones needed for metabolism, normal body function and a healthy, stable emotional state.

KEEPING YOU HEALTHY WITH REGENERZYME® THYROID

- **Heart**

The thyroid gland is an important backup system to the heart and the adrenals. Without enough thyroid hormone the heart muscle weakens and is unable to pump blood vigorously. Blood vessels lose their elasticity and stiffen. Too much thyroid hormone, however, is like “whipping a tired horse” and the heart becomes stressed and overworked. Thyroid hormone balance is essential for the heart.

- **Metabolism**

The thyroid gland produces hormones T3 and T4, both of which help burn calories efficiently, produce energy, regulate cholesterol, and maintain a healthy body weight.

- **Brain and Emotions**

Balanced thyroid hormones are vital for memory, concentration and emotional stability.

- **EMFs and Radiation**

The thyroid produces hormones that influence every organ, tissue and cell in the body. Radiation and electromagnetic frequencies can dehydrate and affect thyroid function.

The iodine hydrates and protects the thyroid as well as supports the immune system that is being bombarded with these frequencies.

ReGenerZyme® Thyroid Contains 90 Capsules

VerVita®

ReGenerZyme® Thyroid

EXPERIENCE THE DIFFERENCE:

VerVita nutrition supports the body functioning as a whole; it nourishes and balances the energy flowing through every structure, organ, gland, and cell. A healthy rhythm and function are created as the formulas are designed to synergistically stimulate/relax and push/pull.

KEY INGREDIENTS OF REGENERZYME® THYROID

Glandulars: Bovine Thyroid Tissue is a natural, thyroxin-free, comprehensive hormone extract from beef thyroid for replenishing the corresponding nutrients and all four hormones produced by the thyroid.

Minerals: Potassium Iodate, yielding 12 mg of elemental iodine, this mineral plays a vital role in increasing hormone production as the thyroid uses iodine to make hormones. The thyroid requires iodine to produce hormones T3 and T4, both of which help control efficient calorie use. Insufficient iodine may cause weight gain and fatigue. Iodine is also involved in regulating the Basal Metabolic Rate (BMR), ATP energy production, and the conversion of adipose (fat tissue) to energy. Iodine protects the thyroid and other glandular tissues from radiation damage.

Minerals: Lithium Orotate, a minute amount has been added to bring balance and calm to the thyroid and brain. **Rubidium** assists in the process of healthy thyroid hormone production. **Selenium** helps recycle iodine, which is vital for hormone production.

Supplement Facts		
Serving Size: 1 capsule		
Servings per bottle: 90 capsules		
	Amount Per Serving	Daily Value
Iodine (from potassium iodate)	12 mg	8000%
Selenium (as l-selenomethionine)	10 mcg	14%
Thyroid (from bovine tissue concentrate – thyroxin free)	130 mg	*
Lithium (as orotate)	50 mcg	*
Rubidium (as chloride)	25 mcg	*

***Daily Value not established.**

Other Ingredients: gelatin (capsule), magnesium (as amino acid chelate)

VERVITA PRODUCTS ARE FREE FROM:

GMOs, Soy, Gluten, Corn, Egg and Dairy, Fish, Crustaceans/Shellfish, Tree Nuts, Peanuts, MSG, Sugar and Sweeteners, Artificial Colors, Dicalcium Phosphate, Magnesium Stearate, Croscarmellose, Excipients/Synthetic Fillers and Flow Agents.
