INTRODUCING THE PATRIOT CAMPERS X1-H

The X1-H is a brand new model from Patriot Campers that incorporates all of the design, engineering and manufacturing efficiency learned over the past 5 years. Its automated, integrated, hardtop tent brings a new level of refinement to the evolved successor of the award winning X1.

**PUSH BUTTON
REMOTE CONTROL**

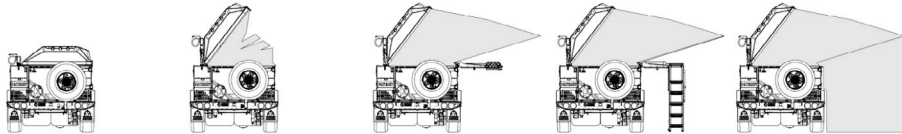

**POWERFUL ELECTRONIC
ACTUATORS**

**ONE STEP FOLDING
CANVAS**

INTRODUCING THE HEXOCORE™ HARD TOP INTEGRATED TENT

Hexocore™ is a hardtop integrated tent that features a built-in 140W solar panel that continuously charges the twin-battery setup for perpetual off-grid performance and the aerodynamic, composite shell **improves fuel efficiency when towing**. Hexocore™ is a **remote operated, automatic setup, integrated tent** that evolved from the award winning CS3 and is now quicker to setup with far less effort. Inspired by the X1 the modular designed, **durable canvas** makes the X1-H versatile and quick to setup.

Interior Bed Lighting

Interior bed lighting rises from the edges of the mattress, and with the 'Tech Pack' they can be controlled via a bluetooth connected smartphone

New Composite Materials

The new materials used for the X1-H's lid offer increased durability and longevity for your trailer and all of your adventures!

Gas Hot Water System

The gas hot water system connects directly to your sink, dispensing hot water with a turn of the tap.

'The Patriot' Mattress

New gel-Top, hypo-allergenic, mould resistant, Australian made pocket spring Patriot mattress adds extra comfort to give you a perfect nights sleep!

Re-designed Bed Hinge

The X1-H's redefined bed hinge allows for easier fold down and pack away of the TentStep™ Staircase & Bed

Rooftop Solar Panel

Stay fully charged when you go out to remote areas with a solar panel mounted to the top of the camper trailer

Picture Perfect: BYO Scenery

Kitchen side window that louvers out to allow breeze in and is just big enough to pass a steaming morning coffee up to the sleepy camper inside

New 2019 Styling

New decals designed to compliment the angles of the Hexocore™ hardtop roof give the X1-H a sleek stance

New PCOR Wheels

PCOR 16" alloy rim designed to suit the Patriot Campers line-up. The deep-dish, satin-black wheels feature a PCOR branded centre cap and come in 6 stud or Land Cruiser and Wrangler stud patterns
