MAP POLICY

In order to maintain the brand integrity of its products, Regal Brands will not do business with any Dealer who sells or offers to sell our Nostalgic Warehouse, Grandeur Hardware, Viaggio and/or Ageless Iron Hardware branded products at prices less than 75% of the list prices as published in the current price book, or as modified on occasion by Regal Brands for promotional purposes. (Please note that for the purposes of the MAP policy, each Regal Brand will be reviewed separately.) If and when Regal Brands becomes aware that a Dealer has failed to comply with this MAP policy, Regal Brands will take corrective actions, including:

1. Sending a MAP violation notice to acknowledge the price discrepancy, and requesting corrective action from the Dealer within 10 days.
2. Regal Brands will not take further action if the Dealer in violation reverts to MAP compliant pricing.
3. If no corrective action is taken after 10 days, Regal Brands reserves the right to not accept any orders for the Brand with the MAP violations. Once the MAP violations are corrected, orders will be accepted as usual.
4. If a subsequent MAP Policy violation occurs for a Regal brand within one year of receiving notice of the first violation, Regal Brands reserves the right to permanently not accept any orders for the Brand with the MAP violations.

Pursuant to applicable state and federal laws, the terms of this policy are non-negotiable, imposed unilaterally by Regal Brands, and apply equally to all of our Dealers. Additionally, Regal Brands does not require any agreement, approval, or other assurance from you that you will comply with this policy.
