

The innovative Steadyrack

Best for:

Bikes with Fenders, Road, Time Trial, Hybrid, Small MTB, Commuter, City, Town.

Steadyrack's Fender Rack boasts a truly innovative design feature, making it the first bike rack capable of vertically storing a bike without damaging the fender or mudguard. The flexible saddle rest allows the rack to smoothly fit between a bike's tyre and fender, cradling the bike by the tyre.

Space Saving

No Lifting
