SumUp Air Card Reader

Meet the new SumUp contactless & chip card reader.
With lightning-fast NFC payments, Bluetooth and rechargeable battery.

The perfect partner for your business

Whatever you do, SumUp Air is the smartest way for your business to get paid.

Accept all debit & credit cards

Connect the SumUp reader to your iOS or Android device.

£0 fixed fees & fast payouts

Only 1.69% per transaction. Direct payout to your bank account.

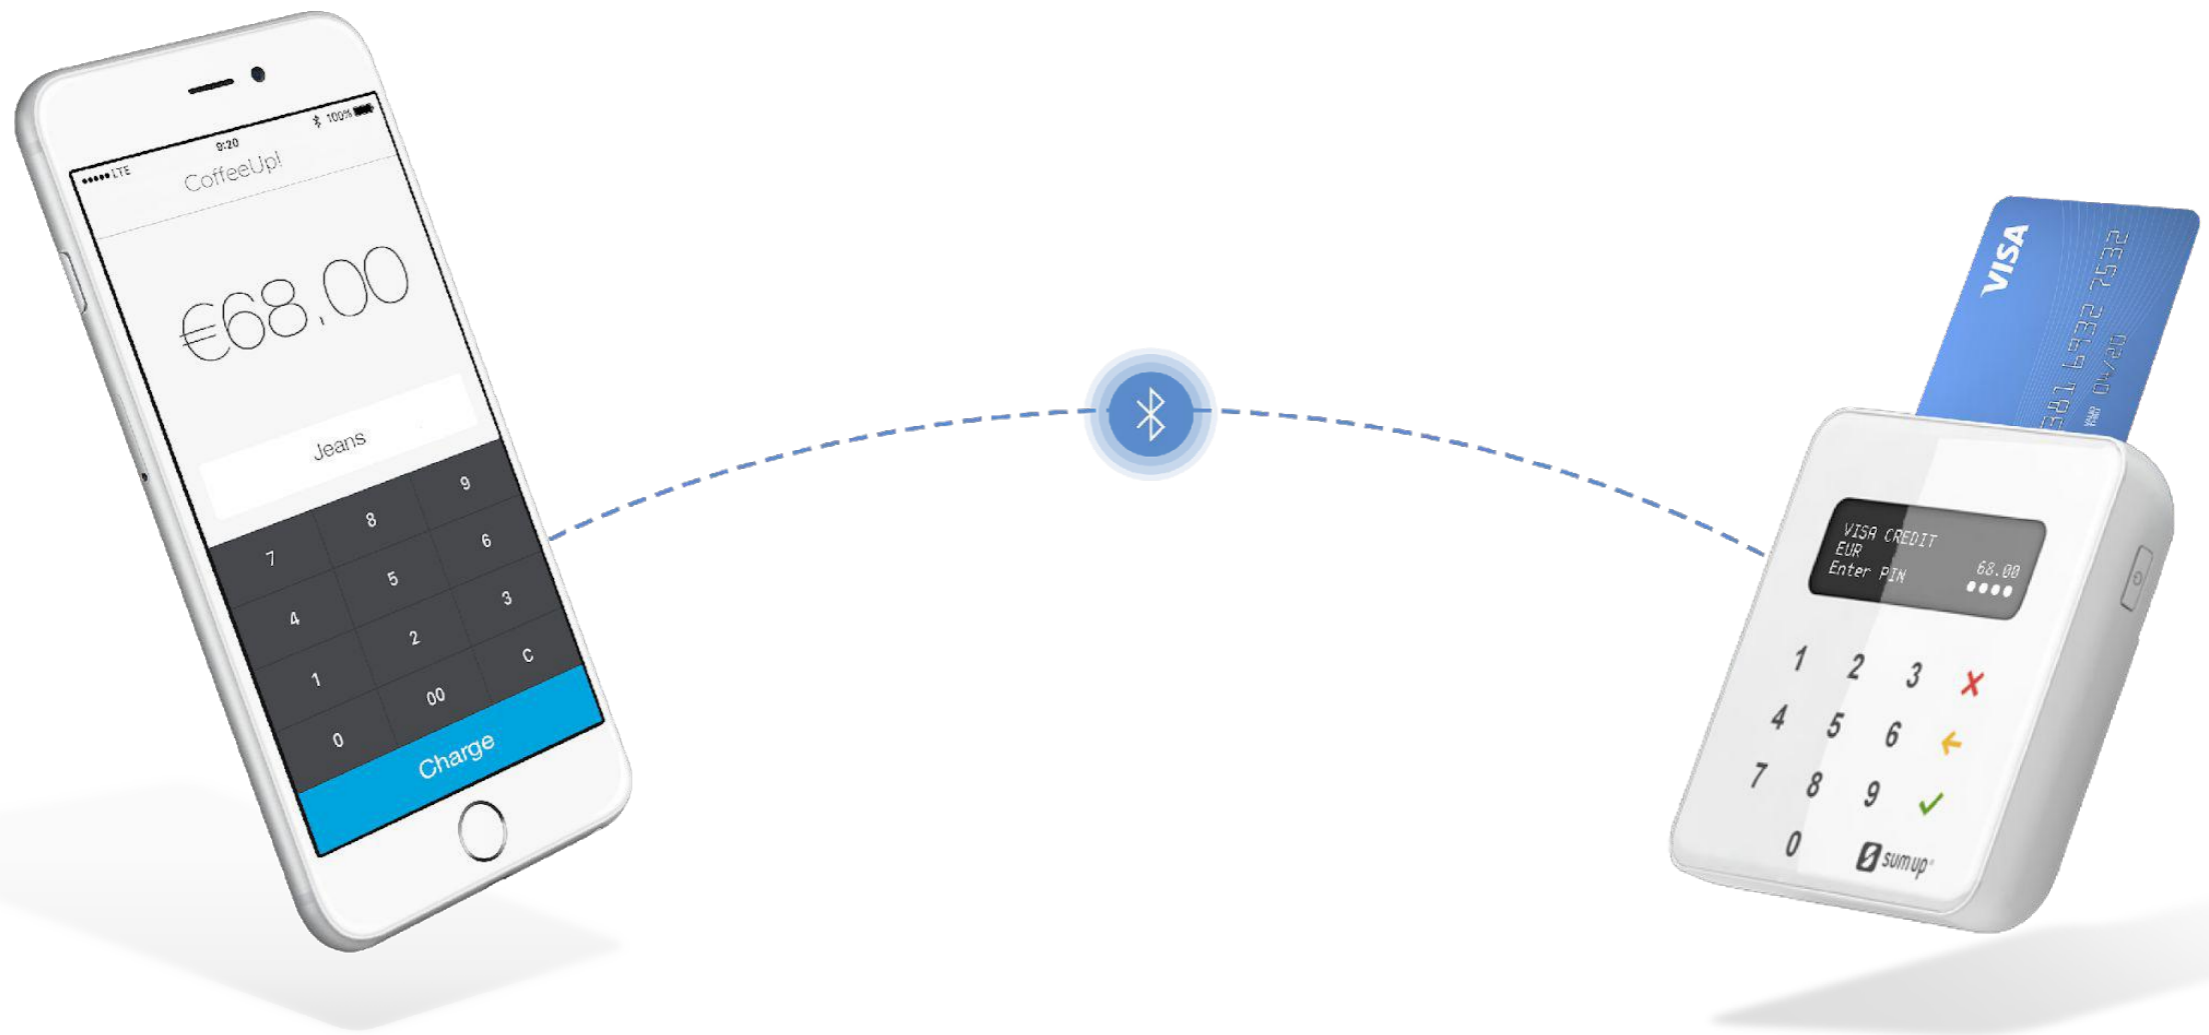

100% online signup

Get started in minutes. No paperwork. Fast reader shipment.

Connects wirelessly

Connect any iOS or Android device with the Air reader via Bluetooth.
Instant setup. Effortless use.

Faster than cash

Process payments within seconds in your store or on the go, send digital receipts and receive the money straight into your bank account.

1

Enter amount in the SumUp App

2

Use the Air Card Reader to take payments

3

Email or text a receipt to your customer right from the app

4

Receive your money directly in your bank account

Get paid the way you want

From NFC technology for accepting lightning fast Apple Pay and contactless payments, to the highest security standards, as well as Chip & PIN - you'll never have to turn away a customer.

Best in its category

When we created Air we selected the best components to make sure it is the most advanced in its category. Equipped with NFC, Bluetooth and an integrated Li-ion battery. Air sets the standard for mobile card terminals.
