

MAGICGLASS

HYDE PARK FACADE MAINTENANCE

ROPE ACCESS DIVISION

LOCATION: HYDE PARK, NSW 2000
DURATION: 4 DAYS
CLIENT: BUILDING FACILITIES MANAGEMENT SOLUTIONS

High-rise window cleaning
using rope access techniques

The Challenge

Magic Glass was tasked to complete a high-rise maintenance procedure on a residential building next to Hyde Park. The job required a rope access team to clean the exterior of the building on Elizabeth street.

The Solution

The job was successfully completed by Rope Access Operators at Magic Glass. The team made sure to take safety into consideration as they cleaned the exterior of the property.

The Feedback

The client was very happy with the end results, as were the tenants of the building.

Project Points

✓ Delivery Model

High-rise maintenance on a property near Hyde Park via the use of Rope Access.
