# HIGH-RISE WINDOW CLEANING

ROPE ACCESS DIVISION

LOCATION: MASCOT, NSW 2020  
DURATION: 3 DAYS  
CLIENT: GENESIS STRATA MANAGEMENT

Facade and window cleaning via rope access on a high-rise property in Mascot

## The Challenge

Magic Glass were tasked with performing facade maintenance on a high-rise property in Mascot. This project requires both rope access equipment and also being mindful of the weather.

## The Solution

Magic Glass successfully completed the project. As the weather can change while the job is in progress, the Rope Access Operators took care while performing maintenance on the building.

## The Feedback

The feedback from the building manager and residents was very positive. Magic Glass were asked to quote for the building next door.

## Project Points

### ✓ Delivery Model

Perform facade cleaning on a high-rise property in Mascot while taking appropriate safety precautions.
