

LOCATION: 29-31 CAMPBELL STREET, RAMSGATE
DURATION: 12 WEEKS
CLIENT: FC BUILDING

Fabrication and installation of double glazed sliding doors, awnings, fixed panels, and windows.

The Challenge

The High End Residential Sabbia Ramsgate development involved the construction of 20 architectural specified units. Magic Glass was contracted by our partners F.C building to complete all required glazing for the scope of the project. This included custom made double glazed sliding doors, awnings, fixed panels, and windows.

The Solution

Working closely with our building partner F.C Building, Magic Glass delivered a high quality custom solution for all glazing requirements, ensuring the works completed matched the high end nature of the development.

The Feedback

This project was received well by all, including new unit owners and clients. The project involved close work between all trades to deliver a quality job and is now a stand-out building in the area.
