

MAGICGLASS

WOLLI CREEK HIGH-RISE CLEANING

ROPE ACCESS DIVISION

LOCATION: WOLLI CREEK, NSW 2205
DURATION: 8 DAYS
CLIENT: FRASERS

Cleaning of residential exterior window glass via the use of rope access.

The Challenge

Magic Glass were required to complete their yearly window clean of a high end residential property in Wolli Creek. This project requires both rope access equipment and also being mindful of the wind.

The Solution

The Rope Access Division of Magic Glass were cautious of the wind and started from the North side working to the South of the property to ensure maximum safety.

The Feedback

Very good feedback from the building manger. Tenants were happy with the final results.

Project Points

✓ Delivery Model

Cleaning of residential exterior window glass via the use of rope access. Taking relevant wind safety precautions.
