

# THE ALL NEW INTELLICENTER® LITE POOL CONTROL SYSTEM

Redesigned to be lighter where it counts.

## More affordable

- ♦ Lower price-point, great for mid-range builds

## 5 relays – just what you need

- ♦ Power center with space for breaker panel (i5P or i5PS bundle options)

## Smaller enclosure based on customer feedback

- ♦ Designed with electricians in mind

## Full functionality

- ♦ Get the full functionality of the flagship IntelliCenter system including remote monitoring, optional high-powered Wi-Fi, and color touchscreen

Products moved to obsolete status will continue to be supported, and Pentair will replace legacy systems under warranty with comparable equipment while parts are available. If replacement parts needed to fulfill warranty claims are unavailable for existing systems, Pentair will provide the IntelliCenter Upgrade Kit for EasyTouch, EasyTouch Lite, and IntelliTouch.
