LET'S PLAY

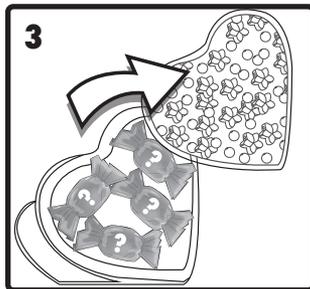

Before beginning, cover the play area to easily collect crushed heart pieces.

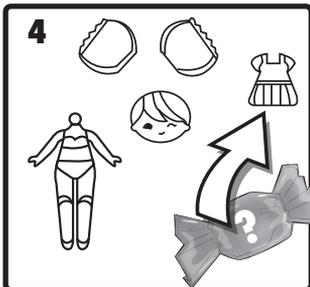

Remove any packaging materials and discard. Then, take off the cover on the outer case and remove the included hammer from the handle. Keep the cover for storing.

Hit the hammer firmly on the heart multiple times to crush the shell and reveal your surprises! Gather and keep the crushed shell pieces to use later.

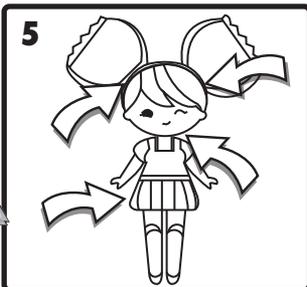

Lift and remove the bead's container to discover the surprises inside the heart case.

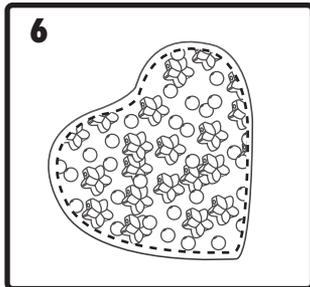

Unwrap the surprises to reveal your doll's parts.

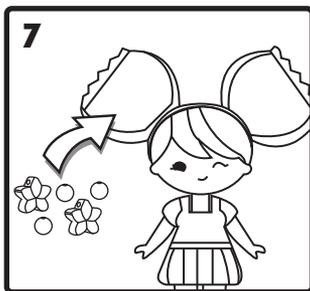

- Note:** Some parts might need assembly before attaching to the doll.
- Body: Attach the halves to create the body.
 - Hair: Attach the clear lid to the container portion to create your doll's hair.

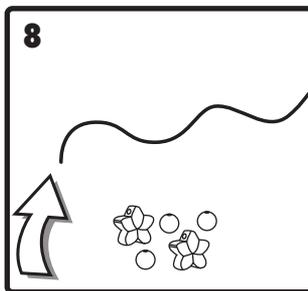

Use the surprises to build your mini doll. Add the head to the body, and snap the hair pieces in place. Use the mini fashion to dress your small doll.

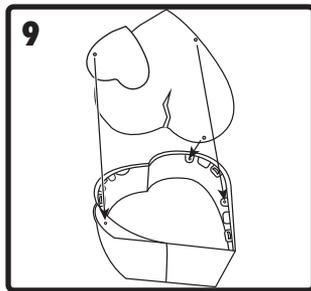

To open the bead's container, turn it over and peel off the cover following the perforated area.

Open up the compartments in the mini doll's hair to add beads and the crushed shell pieces for decoration. Collect other dolls to mix and match the beads.

Use the beads to make jewelry! Measure the lanyard to the desired length, and add an extra inch for tying. Ask an adult to cut the lanyard. Then, string the beads onto it and tie a knot to secure.

When storing, align the pegs on the outer cover with the openings on the case. Gently press on each side until it snaps closed.

COLLECT THEM ALL!

Collect multiple dolls to mix and match their beads, hair or outfits!
