

PRECAUTIONARY STATEMENTS

Hazards To Humans & Domestic Animals

CAUTION: Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes and clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse. **FIRST AID: IF SWALLOWED:** Call the Poison Control Center or doctor immediately. Have person sip a glass of water if able to swallow. Do not induce vomiting unless advised by poison control center or physician. Do not give anything by mouth to an unconscious person. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin with water. **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lens, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for further treatment advice. Have the product container or label with you when calling for treatment. **ENVIRONMENTAL HAZARDS:** This pesticide is toxic to fish, aquatic organisms and clams. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA. **STORAGE AND DISPOSAL:** Do not contaminate water, food, or feed by storage or disposal. **PESTICIDE STORAGE:** Keep container closed when not in use. Spills may be slippery. Mop up product with clean water. Do not blend directly with other pool chemicals. **PESTICIDE DISPOSAL AND CONTAINER HANDLING:** Non-refillable container. Do not reuse or refill this container. Wrap container and put in trash or for recycling if available. For information on this product (including concerns, medical emergencies or pesticide incidents), call the National Pesticide Center (NPIC) 1-800-858-7378.

FOUNTEC

ALGAECIDE • CLARIFIER

Fountains

Birdbaths

Tabletops

Water Gardens

Tough Algae Controller

- Kills & Prevents Algae Growths
- Non-Foaming & Non-Staining
- Keeps Water Crystal Clear
- Treats Over 2400 U.S. Gallons

(note: do not use with fish)

**CAUTION: Keep Out Of Reach
Of Children**

See Side Panel For Additional Precautionary Statements

8 FL OZ (237 ML)

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Fountec® keeps water continuously clear and quickly kills and prevents all types of algae including brightly green strands of algae.

BEFORE YOU START: The most effective use of Fountec® is best achieved when fountain, birdbaths, tabletops and water garden equipment has been checked and working properly.

FOUNTEC TREATMENT CHART

Fountain Size In U.S. Gals.	Initial Dosage		Weekly Maintenance
	Clean	Visible Algae	
1 gal.	1 Drop	2 drops	1 to 2 drops
10 gal.	10 Drops	20 drops	10 to 20 drops
100 gals. (945 litres)	.16 oz. (1 tsp.) (5 ml.)	.32 oz. (2 tsp.) (10 ml.)	.1 oz. (1/2 tsp.) (2.5 ml.)
250 gals. (945 litres)	.4 oz. (2 1/2 tsp.) (13 ml.)	.8 oz. (5 tsp.) (25 ml.)	.2 oz. (1 1/2 tsp.) (6 ml.)

WEEKLY MAINTENANCE:

1. Add Fountec® "Clean" dosage directly to water feature basin.
2. Thereafter add "Weekly Maintenance" dosage to keep water free of algae blooms. Use higher dosage for water features prone to algae blooms.
3. If algae should reappear, retreat water using algae cleanup dosage.

Note: occasional small addition of chlorine, non-chlorine shock or house-hold bleach helps remove organic waste and prevent excessive algae growths.

ALGAE CLEANUP:

1. Water features containing heavy algae growth should be cleaned of excess debris. Drain or flush basin with clean water as needed.
2. Add Fountec® "Visible Algae Dosage" - use higher dosage for heavier algae growths.
3. Brush algae clinging to surfaces, this is important for faster cleanup. Operate water pump to ensure thorough cleanup.

To keep fountain surfaces scale and stain-free and looking new, use Protec® Surface Protector.

ACTIVE INGREDIENTS:

Poly[oxyethylene(dimethyliminio)-ethylene (dimethyliminio)-ethylene dichloride]	30%
INERT INGREDIENTS:	70%
Total	100%

This product contains 2.67 lb. of active ingredients per gallon and weighs 8.9 lb. per gallon
