# 4 Reasons why you should be using Medi9 Superabsorb Granules:

Superabsorb Spill granules are suitable for a variety of spills including all body fluids, other biohazard spills and now available on your **NHS Supply Chain**.

## Reason 1.

Our granules are inert, so can be used on all spills, including:

- All body fluid spills
- Blood
- Urine
- Vomit

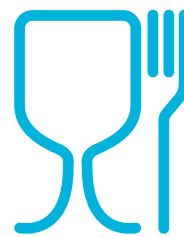

## Reason 2.

The granules will absorb approx.

# 40x

its own weight.

## Reason 3.

The granules are food safe so can be used in catering, kitchen and food prep areas.

## Reason 4.

Manufactured & packaged in the UK
