## Mix & Match Flexibility

---

Grandeur's extensive range of styles, finishes, plates and knobs are all designed to be mixed and matched to fit your personal taste. Visit our website and create your own combination on our Hardware Designer.

## Craftsmanship

---

Although some lock manufacturers use cheaper cast or stamped brass, Grandeur uses only hot-forged brass. This process yields a denser, stronger brass that can accurately display the intricacies of our beautiful, timeless designs.

## Stunning Finishes

---

We believe finish and style go hand-in-hand, so we offer eight finishes. We take special care through meticulous steps to assure the highest degree of quality and consistency in all our finishes.

## EFFORTLESS SIMPLICITY

---

The effortless simplicity of the Circulaire gives a refined look that's miles from ordinary. The crisp lines of this style convey immaculate craftsmanship, and lend a sense of modernity.
