Curb chain or what we called 「Kihei」 in Japanese have been popular items of all time.

The production of chains based on the standard weight gram and length.

For example, 40cm · 10g will be shown as「4010」.

The weight gram is heavier than specifications. 「4010」 means 10gUP.

▼The standard is double lock clasp.

Fold over clasp with safety.

▼The clasp of items shown below are spring ring with plate
