Directions for Use
Decide which Lent lapbook pages you want to use. I created 2 different versions for some of the sections.

Using the Lapbook
After you've decided which version you want to use, print out the pages you need. Cut them apart and color. It helps to...

Using the Lapbook (cont. 2)
STATIONS OF THE CROSS
Color and cut apart the 14 Stations of the Cross cards. You could staple these into a mini book or hole punch the top left corner and use a metal book ring to clip them together.

Using the Lapbook (cont. 3)
HOLY WEEK MINI BOOKS (EASIER VERSION) CONT
Glue Palm Sunday and Holy Thursday on the right flap. Glue Easter Sunday on the right flap.

Pictures in Action
Here are some examples of these lapbooks in action to give you a better idea of how to make them.

HOLY WEEK
Read the scripture passage on the left page, the passage on the middle page, and answer the question. This is comparing modern day to the...

CHECK OUT WHAT OTHER TEACHERS HAVE SAID ABOUT THIS PRODUCT:

★★★★★ I love all of these lap books! They are the perfect resource for our homeschooling, and to enhance our children's Religious Education. I love the differentiation options- that makes this perfect for our large family age range. –Kristi S.

★★★★★ I am using this bundle with my small 1st grade RE class. I really appreciate that there are different versions for different grade/ability levels. Thank you for a wonderful resource that not only helps kids, but engages families, as well! – Tiffany P.

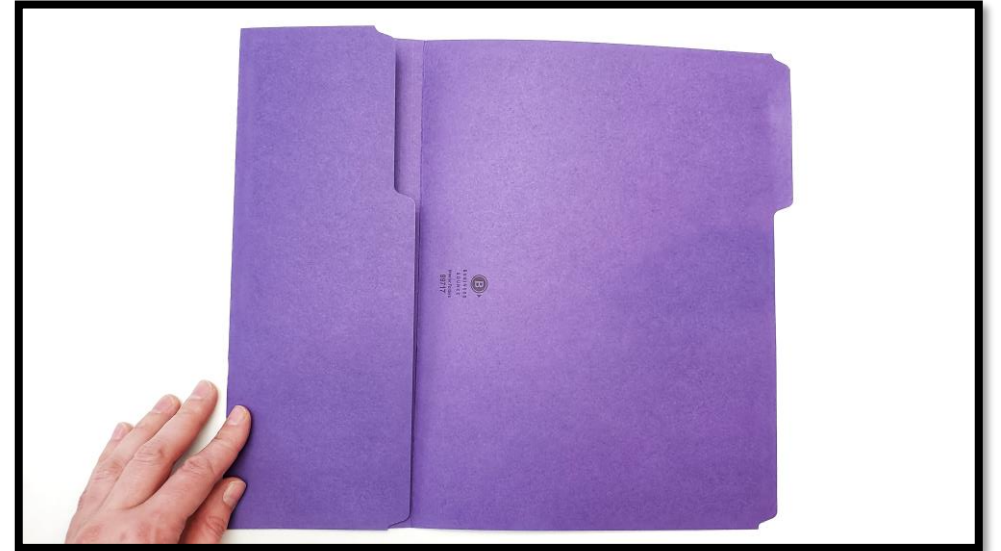

★★★★★ My students enjoyed making and using their lapbooks! These lapbooks are handy resources for children to keep track of where they are at in the learning. The Reconciliation lapbook is also comforting to have to review the sacrament before receiving it - especially the first time!– Sylina M.

PLEASE NOTE:

All lapbooks will require a file folder for each of your students.

These are **NOT included**, but can be found on Amazon or an office supply store.

I personally like to use colored folders to help match the liturgical color.

These are just standard file folders that you will refold to create a trifold.
