Nostalgic Warehouse's Victorian Collection gives Interiors a boost of classic style

(Denver, CO) You don't need a period property to be inspired by classic and dramatic Victorian design. The major elements of interiors from that era have been influencing trends in decor for decades. It's a design style that transcends the age of your house and can bring drama and elegance to any space. Nostalgic Warehouse's **Victorian Collection** is a lovely series of elegant designs reminiscent of the bygone era. This luxurious line includes cabinet hardware, entry sets, interior hardware, accessories, and even an antique deadbolt lock with intricate motifs and adornments. Pieces in the collection are extravagant yet tasteful, making it easy to create a beautifully cohesive design space.

The Victorian Collection is an authentic reproduction based on Yale & Town's original Largo design from the early 1900s. This decorative hardware makes a dramatic design statement and fits perfectly into any posh décor.

Add instant glamour to your front door with the Victorian Handleset with "S" Grip and Deadbolt. Featuring a distinct curvilinear embellishment, the door hardware pays tribute to the past with a look that is classic and elegant. The Victorian Collection also offers multiple interior plates and a variety of doorknob choices to fit any vintage-inspired décor. Add depth and visual interest to cabinets with coordinating cup pulls and knobs, and the eye-catching details of the switch plates and outlet covers will make walls pop. There's even a coordinating coat hook for a finishing touch.

In keeping with Nostalgic Warehouse standards, the Victorian Collection is crafted from solid forged brass for amazing durability, creating a difference in heft and weight that is readily apparent. Most of the collection is available in seven exquisite finishes -- Antique Brass, Antique Pewter, Oil-Rubbed Bronze, Polished Brass, Satin Nickel, Timeless Bronze, and Unlacquered Brass. Nostalgic Warehouse backs every piece with a five-year warranty and provides instructions for easy installation.

The Nostalgic Warehouse brand is built on creating heirloom-quality hardware that looks and feels like authentic period pieces. Every piece of hardware is fabricated to modern standards of durability and lasting beauty. Mix items from the brand's other collections along with the Victorian pieces to find the perfect look for your home.

Nostalgic Warehouse products are available at fine hardware retailers throughout the U.S. and Canada and may be purchased online at select websites. To find a listing of dealers near you, visit nostalgicwarehouse.com.
