about us

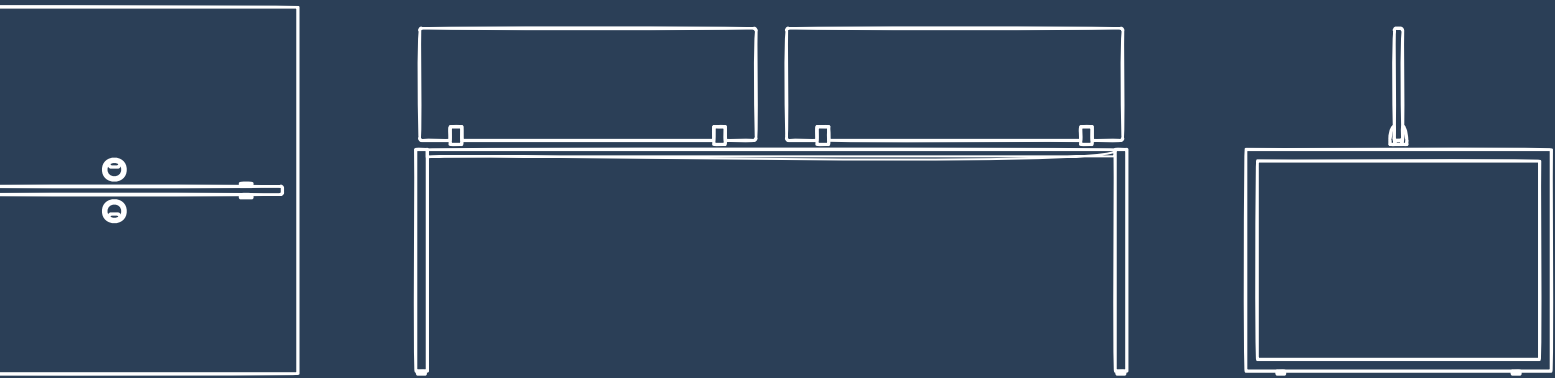

Make an executive choice when you choose Habitt office furniture. A combination of ergonomically designed workstations and seating options that fit your office requirements down to the last detail. Sleek, minimal and aesthetically pleasing, each of pieces cater to a diverse range of work settings.

Maximize your work flow by picking workstations with built-in organizers or a pull-out storage rack. Whether you choose to work in pairs, require privacy in your corner or need bigger tables for huddles groups, Habitt has the variety your work demands.

Plein Series

A design that caters to the contemporary office setting that is sleek and minimalistic yet economical. This versatile series enjoys a unique adaptability that works with various finishes including wood, lamination, marble and Corian in order to provide the perfect solution for all office needs.

Dynamic Series

A reflection of pure craftsmanship Dynamic is a meticulous design which is not only comfortable and ergonomic but is the right amalgamation of bold colors, materials and fabric as it encompasses interior elements in itself. This series can act as a standalone piece. It is made to brighten any setting as it is modern and can be defined as a work of art. All necessary features such as storage, pin-up space and lighting are incorporated in the furniture to create the holistic environment.
