# ➔ Alhydran

**ALHYDRAN is known as a scar cream, but it is much more than that: our cream is effective in relieving many skin conditions.**

The powerful moisture-regulating cream ensures optimal hydration, promotes healing of the skin and relieves skin complaints such as itching, dry skin and redness.

The effectiveness has been scientifically proven. As a result of this, the product has been widely used by specialists for more than 15 years.

It is effective for:

- Burn Wounds
- Dry Skin
- Laser Treatment
- Radiotherapy
- Wounds
- Eczema
- Rosacea
- Actinic Keratosis

# Alhydran

	<p><b>ALHYDRAN Hydrating Cream 250ML</b></p> <p>ALHYDRAN ensures optimal, long-lasting hydration and prevents moisture loss.</p> <p>Ideal for treatment of disrupted skin barrier. Suitable for (after) care of burn wounds, treatment and prevention of scars, treatment of (extremely) dry skin and reduction of redness and itching.</p> <p><b>How to use:</b> Apply a thin, even layer of cream. Use it three times a day (and when skin complaints increase).</p> <p>ALHYDRAN is hypoallergenic and suitable for all skin types. Not tested on animals.</p> <p>ALHYDRAN contains ingredients such as antioxidants, which protect the skin against free radicals. These unique restorative effects, in combination with optimal hydration and occlusion, ensure that the disrupted skin barrier can recover itself.</p> <p>CODE: <b>20-20250</b> CONTENT: <b>250ML</b></p>

Other items within this new product line are: Eczema Care, Cracked Dry Skin Care and Barrier Repair Care.</p> <p><b>CODE: 20-32050</b> <b>CONTENT: 59ML</b></p>

# Scarban

# Products

	<h3>SCARBAN Elastic Silicone Sheets (1.4MM)</h3> <p>Scarban Elastic is the best choice if you require the most intensive silicone scar therapy. This sheet has an extra-thick silicone layer for optimum hydration of scar tissue, providing maximum support for rapid, itch-free formation in the case of abnormal scars.</p> <p><b>Benefits of Scarban Silicone Sheet Elastic:</b></p> <ul style="list-style-type: none"> <li>• Intensive therapy – highly effective</li> <li>• Suitable for small and large areas of skin</li> <li>• Includes very high-level 50UV protection</li> <li>• Can be cut to fit your application</li> <li>• Includes special cleaning soap</li> </ul> <p><b>SIZES IN STOCK:</b></p> <ul style="list-style-type: none"> <li>• 10x15CM (Qty 1)</li> <li>• 15x20CM (Qty 1)</li> <li>• 40x100CM ROLL</li> </ul>
	<h3>SCARBAN Light Silicone Sheets (0.7MM)</h3> <p>The Light version is the best choice when the thick silicone layer of Scarban Elastic is too intensive for the skin or when the scar is on a part of the body that flexes (e.g. elbow). Scarban Light is thinner, more flexible and better tolerated by sensitive skin. Scar treatment using Scarban Light may take longer to achieve the same final result.</p> <p><b>Benefits of Scarban Silicone Sheet Elastic:</b></p> <ul style="list-style-type: none"> <li>• Thinner and more flexible (ideal for body areas that flex)</li> <li>• Ideal for sensitive skin</li> </ul> <ul style="list-style-type: none"> <li>• Includes very high-level 50UV protection</li> <li>• Can be cut to fit your application</li> <li>• Includes special cleaning soap</li> </ul> <p><b>SIZES IN STOCK:</b></p> <ul style="list-style-type: none"> <li>• 5x7.5CM (Qty 2)</li> <li>• 5x7.5CM (Qty 4)</li> <li>• 10x15CM (Qty 4 – No cleaning soap)</li> <li>• 15x20CM (Qty 4 – No cleaning soap)</li> </ul>
	<h3>SCARBAN Velvet Touch Silicone Gel 15ml</h3> <p><b>Benefits of Velvet Touch Silicone Gel:</b></p> <ul style="list-style-type: none"> <li>• Invisible scar therapy</li> <li>• Extremely suitable for small scars (e.g. surgical scars)</li> <li>• Quick-drying – makeup may be applied on top of the gel</li> <li>• Ideal for visible locations like the neck and face</li> <li>• Convenient container with dosage pump</li> <li>• Long-lasting effect – apply only twice per day</li> </ul> <p>We recommend using Scarban Velvet Touch silicone gel if the scar is visible, e.g. on the face or neck.</p> <p><b>Treating scars with Scarban:</b></p> <p>You'll quickly experience the benefits of Scarban products: Complaints such as itching and pain are relieved or disappear within a few days. Visible results are seen within 2–4 months. Your scar becomes more flexible, flatter and less red. Scar formation is reduced/minimized.</p> <p>Remember when treating scars: an early start prevents scar formation!</p>
	<h3>SCARBAN After C-Section Kit</h3> <p>Scarban C-Section is silicone scar therapy specially developed for C-Section aftercare. In order to reduce or prevent abnormal scarring after a caesarean section, we have introduced Scarban® C-Section. It is a specially pre-shaped silicone sheet which provides optimal and effective scar aftercare.</p> <p><b>Benefits of Scarban After C-Section Kit:</b></p> <ul style="list-style-type: none"> <li>• Elastic and self-adhesive</li> <li>• 100% medical grade silicone</li> <li>• Washable</li> </ul> <ul style="list-style-type: none"> <li>• UV protection (UPF 50)</li> <li>• For all skin types</li> <li>• Durable in use</li> <li>• Safe and easy to use</li> </ul> <p><b>Scarban After C-Section Kit contains:</b></p> <ul style="list-style-type: none"> <li>• Scarban® C-Section silicone sheet</li> <li>• Mild silicone sheet cleaning and maintenance soap</li> <li>• Information leaflet with instructions for use</li> </ul>

	<h3>SCARBAN Specialised Silicone Sheets</h3> <p><b>Scarban Specialised Elastic Silicone Sheets</b></p> <p>Scarban Elastic is the best choice if you require the most intensive silicone scar therapy. This sheet has an extra-thick silicone layer for optimum hydration of scar tissue, providing maximum support for rapid, itch-free formation in the case of abnormal scars.</p> <p><b>Benefits of the Specialised Range:</b></p> <ul style="list-style-type: none"> <li>• Intensive therapy – highly effective</li> <li>• Suitable for small and large areas of skin</li> <li>• Includes very high-level UV protection</li> <li>• Can be cut to fit your application</li> </ul> <ul style="list-style-type: none"> <li>• Includes special cleaning soap</li> <li>• Available in various sizes</li> </ul> <p><b>SHEETS AVAILABLE:</b></p> <ul style="list-style-type: none"> <li>• Areola Circle (Qty 2)</li> <li>• Nose Packet (Qty 1)</li> <li>• Forehead Packet (Qty 1)</li> <li>• Face Sheeting</li> <li>• Oval Packet (Qty 4)</li> <li>• Abdominal Packet (Qty 1)</li> <li>• Hand Care Finger Caps</li> <li>• Elastic Finger Tape</li> <li>• Elastic Webspace Packet (Qty 4)</li> <li>• Breast Sheets</li> </ul>
	<h3>SCARBAN Hand Care Glove With Fingers</h3> <p><b>Scarban Hand Care Glove with Fingers</b></p> <p>Scarban Elastic is the best choice if you require the most intensive silicone scar therapy. This sheet has an extra-thick silicone layer for optimum hydration of scar tissue, providing maximum support for rapid, itch-free formation in the case of abnormal scars.</p> <p><b>Benefits of Scarban Silicone Sheet Elastic</b></p> <ul style="list-style-type: none"> <li>• Intensive therapy – highly effective</li> <li>• Suitable for small and large areas of skin</li> <li>• Includes very high-level UV protection</li> <li>• Can be cut to fit your application</li> </ul> <ul style="list-style-type: none"> <li>• Includes special cleaning soap</li> <li>• Available in various sizes</li> </ul> <p><b>SIZES IN STOCK:</b></p> <ul style="list-style-type: none"> <li>• ADULT: SMALL / MEDIUM / LARGE / X-LARGE</li> <li>• KIDS: SMALL / MEDIUM / LARGE / X-LARGE</li> </ul>
	<h3>WOUND Natural Wound Spray</h3> <p><b>WOUND Natural Wound Spray</b></p> <p>Wound is an innovative, 100% natural wound spray for daily use. The spray is suitable for acute and chronic wounds, the wound edge and the periwound. Wound spray is a patented technology.</p> <p>WOUND wound spray is an "all-in-one" wound healing product, consisting of a specially formulated, synergetic combination of neem oil, St. John's wort oil and olive oil.</p> <p>WOUND is suitable for the treatment of abrasions and cuts, burns, poorly healing wounds and skin defects in skin diseases.</p> <p><b>How to use WOUND Natural Wound Spray:</b></p> <p>Spray WOUND in two layers from a distance of 5–10 cm onto the area of skin that has been cleaned with clean water so that a clear film of oil is visible. Let the oil film set for a minute.</p> <p>If necessary, cover the affected skin area with a simple plaster or a fleece compress and fix it if necessary.</p> <p>Repeat the application every 24 hours until the wound has closed. WOUND spray can be used several times a day if required.</p>

# Bapscarcare

	<p><b>BAPSCARCARE T Silicone Sheet</b></p> <p><b>Extra thin silicone dressing (0.3mm)</b> Bapscarcare T is a self-adhering, thin, transparent silicone sheet for treatment of old and new scars. Due to the flexibility, the self-adhesive bandage remains securely in place on all areas of the body to be treated. Suitable for use under clothing.</p> <p>The T Silicon Sheet can be used for:</p> <ul style="list-style-type: none"> <li>• Treatment and prevention of abnormal scars (hypertrophic and keloid)</li> <li>• Treatment for burn scars</li> <li>• Treatment surgical scars</li> </ul> <p><b>How to use Bapscarcare T Silicone Sheet:</b></p> <ul style="list-style-type: none"> <li>• Before use, cleanse the skin &amp; let it dry</li> <li>• If necessary, the bandage can be cut to size</li> <li>• Cover the scar up to approx. 2 cm around healthy skin</li> <li>• Each sheet can be used for 5-7 days (10 pieces per pack)</li> </ul> <p><b>CONTENTS: 10 PIECES</b> <b>SIZES IN STOCK: 5x7CM / 5x30CM / 10x15CM</b></p>
	<p><b>BAPSCARCARE S Gel Sheet</b></p> <p><b>Thick silicone sheeting (1.2mm)</b> Bapscarcare S is a self-adhesive, thick, washable, transparent medical silicone dressing for the treatment and prevention of abnormal (hypertrophic, keloid) scars.</p> <p>Because of the flexibility of Bapscarcare S, the self-adhesive bandage remains securely in place on all areas of the body to be treated.</p> <p>Bapscarcare S is suitable for use under clothing and compression therapy. The bandage can be used for several weeks.</p> <p><b>Benefits of the Bapscarcare S Gel Sheet:</b></p> <ul style="list-style-type: none"> <li>• Thick and comfortable</li> <li>• Completely transparent</li> <li>• Rounded edges – easy to cut</li> <li>• Easily washable</li> <li>• Dries quickly</li> </ul> <p><b>CONTENTS: 2 PIECES</b> <b>SIZES IN STOCK: 5x20CM (QTY2) / 10x15CM (QTY2) / 15x20CM (QTY2)</b></p>
	<p><b>BAPSCARCARE Gel 10G – SPF40</b></p> <p><b>Bapscarcare Gel SPF40</b> Has sun protection factor 40, which protects the scar against harmful UV-rays. The Gel provides increased hydration in the epidermis (top layer of skin). The increased hydration ensures that a scar is prevented or recovers more quickly and that symptoms are reduced.</p> <p>Bapscarcare Gel SPF40 can be applied anywhere on the skin and is ideal for treating scars on the face, neck, joints and skin folds. The gel is enriched with vitamin E.</p> <p><b>How to use Bapscarcare Gel:</b></p> <ul style="list-style-type: none"> <li>• You can start treatment as soon as the wound has closed</li> <li>• It can be applied to existing scars immediately</li> <li>• Clean and dry the skin before use</li> <li>• Use the gel twice a day</li> <li>• Reapply it after exercising, showering or bathing</li> </ul>
	<p><b>BAPSCARCARE Gel 20G</b></p> <p><b>Bapscarcare Gel</b> Bapscarcare Gel ensures that scars become flatter, more supple and thinner. Complaints as persistent redness, itching, restriction of movement at joints, discomfort and cosmetic concerns are reduced.</p> <p>The gel can be used for old &amp; new scars:</p> <ul style="list-style-type: none"> <li>• Treatment and prevention of abnormal scars (hypertrophic and keloid)</li> <li>• Treatment for burn scars</li> <li>• Treatment surgical scars</li> </ul> <p><b>How to use Bapscarcare Gel:</b></p> <ul style="list-style-type: none"> <li>• You can start treatment as soon as the wound has closed</li> <li>• It can be applied to existing scars immediately</li> <li>• Clean and dry the skin before use</li> <li>• Use the gel twice a day</li> <li>• Reapply it after exercising, showering or bathing</li> </ul>
