

SC-DX-FC8

8" In-Ceiling Speakers

STAGE F SERIES

Feel the breath of the singer, the pick of the guitar, or the SFX of movies and games with crisp, room-filling sound.

Enhanced Performance

Featuring a 8" injection molded polypropylene woofer and 1" aimable silk dome tweeter, the DX-FC8 is ideal for music, movies, gaming and immersive sound applications where excellent performance and robust dynamics are required.

SC-DX-FC8

8" In-Ceiling Speakers (PAIR)

Features

- **8" Injection Molded Polypropylene Woofer**
The IM process yields stability, consistent performance for in-ceiling surround and distributed audio applications.
- **1" Pivoting Silk Dome Tweeter**
Silk dome tweeter delivers silky smooth highs which are pleasing to the ear.
- **Tilt Tweeter**
The aimable tweeter allows you to direct sound to the listening area, even when the speaker is mounted in less than ideal locations.
- **Low Profile Grill**
A thin-bezel magnetic grille ensures a secure fit, pleasing aesthetic—and with a one-step paint process, blends discreetly into any decor.
- **Easy-Grip Tweeter Bridge**
Installing speakers above your head requires a sturdy grip point and the SpeakerCraft Tweeter bridge ensures you have one. We even protect the tweeter from accidental finger pokes.
- **Precision Tooled Diffusion Baffle**
Scattered concavities reduce reflection and disperse the sound evenly for a natural room filling experience.
- **Secure Connection**
All SpeakerCraft speakers feature spring loaded binding posts that provide a secure, worry-free connection in the wall or ceiling.
- **Timbre and Performance Matched**
Expect consistent dynamic and detailed sound in every Stage F series speaker.
