

# Snail Mail Fun! - DIY Greeting Card Envelope Template by Sunny Day Designs

(formatted for 8.5" x 11" letter sized paper)

Print this file onto blank paper or cardstock and cut along black outer lines. Then use this cut shape as a template to trace, cut, and create your own unique do-it-yourself paper envelope!

## A Few Helpful Tips:

- There's no need to resize this template before printing! It's been formatted to fit a standard A6 sized greeting card.
- Use colorful sheets of paper, cardstock, maps, wrapping paper scraps, etc. Think outside the box and have fun!
