DEEP SLEEP

What is CBN?

CBN is what we commonly refer to as "Nature's Sleeping Aid". It can be used effectively as a sleep aid or sedative as it makes you tired. Enjoy a natural way to help regulate sleep cycles and improve your quality of sleep by helping you stay sound asleep through the night.

This cannabinoid has also been shown to help regulate the immune system and works hand in hand with CBD to calm the mind/body and relieve pain and inflammation all while you sleep the night away. It's our most effective deep sleep formula for those that are needing a good night's sleep.

Sleep Tinctures

DEEP SLEEP Nature's Sleeping Aid

Our Specialty tincture formula of CBD and CBN is blended with high-quality, organic MCT oil which allows your body the maximum absorption of these two cannabinoids so you can get the quality night sleep that you have been dreaming about. Using our tinctures allows you to finding your personal dosing that you can adjust by taking more or less as needed. The tinctures are the best value for the toughest sleeping disorders.

Kratom Capsules

3X Strength

Deep Relief Kratom Green Maeng Da, White Lightning, Red Dragon

Deep Relief's **Kratom** is imported directly from Indonesia and is a variety of plant that is native to Indonesia and Thailand. It is used for a variety of purposes such as energy enhancement, and pain relief, and is a mild stimulant. Lab Tested for Safety and Potency.

1 capsule = 0.65 gram avg.

Green Maeng Da (1.7% Mitragnyne) enhances memory, energy, and focus.

White Lightning (1.57% Mitragnyne) enhances memory, energy and focus.

Red Dragon (1.4% Mitragnyne) enhances mood, relaxation, and relief.

Kratom is a tree from the coffee family native to Southeast Asia. Also known as *Mitragyna speciosa*, it is grown in Thailand, Malaysia, and Indonesia. Its leaves are dried and used to make tea or encapsulated and sold as a supplement.

The most common uses of it are to relieve pain, depression, and opioid addiction. The two most active compounds found in kratom, mitragynine and 7-hydroxymitragynine, work on opioid receptors, but with fewer side effects.

Kratom has been used for hundreds of years in Southeast Asia as a natural home remedy. Traditionally, it has been used to treat:

- Fatigue
- Pain
- Muscle cramps
