

Owl's Nest Quilters

UFO Challenge

Do you accept?

It's called by a number of acronyms: UFO, WIP, PIC, PIB, PHD. No matter what you call them, they are piling up and causing you undo angst. Owl's Nest Quilters is here to help!

The goal of ONQ's UFO Challenge is to help you complete all those pesky unfinished projects that are stashed in closets, crammed in bags or boxes tucked in every nook and cranny of your sewing room, or stacked in piles on every surface in your house.

Perhaps these poor projects were abandoned because you came up against a part where you needed further instruction. Being a part of the challenge gives you access to that help. Jen, Delores, and Carol are here to help you.

Perhaps you left the project half done because, well, you just fell out of love. It happens. Our project swap may be the perfect answer to get you over the rough patch and back in love.

Perhaps these works in progress just need a purpose. Part of the challenge is giving a purpose to your work, so you have a reason to finish the project, and a deadline, so you have something to strive for.

Here's how it works.

For a biannual fee of \$45 (renewable in January and July), you will have access to our spacious classroom and to the expertise of ONQ's fabulous staff and UFO Challenge participants to help you with your projects.

As a member of the challenge, you will need to fill out a pledge sheet. The pledge sheet lists the projects that you can realistically complete in the next six months (January-June).

The pledge sheet identifies the project, the purpose of the project, and its deadline. As you complete your pledged projects, you will receive a ticket for an end of the year challenge Grand Prize drawing—a \$300 ONQ gift certificate!

Throughout the month, there will be designated ONQ UFO Challenge days (typically a Wednesday and a Saturday) in which you are invited to use our classroom and seek the help of others. Participants in class will receive a discount of 15% on all fabric purchased for the UFO project being worked on that day.

But wait! There's more!!

Periodically throughout the six months, we will have little incentives for those who participate in our UFO Days. In the past we have given out small trinkets and extra tickets to go into the drawing.

Fill out your pledge sheet and join in on the fun!
