

CUSTOM-MADE KEEPSAKES

BY JAK FIGLER DESIGNS

A PORTION OF PROCEEDS BENEFIT CHILDREN IN FOSTER CARE

OUR UNIQUE QUALITY

Our focus is creating jewelry worthy of capturing your life's most precious moments.

Our company started its journey in my basement workshop in 2009. Over the last decade and a half, we've worked hard to perfect our art form and now offer the absolute highest quality print and hand-writing jewelry available.

Our exclusive design process captures the smallest details from even the most smudged or blurry prints. We will etch the prints deep into the precious metal leaving a high contrast, durable, and smooth impression.

From the refinery to the final polish our pendants and rings are Proudly Made in the USA!

OUR VALUE

We offer up to 50% off additional jewelry capturing the same prints as a regular priced item (details on page 4).

Our gold pendants and rings come with a free silver copy (details on page 3).

Your order will also include free:

- Print Rendering or Cleanup
- A .pdf design proof

Our Classic Pendants include:

- Back side standard text engraving
- An 18" sterling silver box chain

We look forward to helping you capture the details of your love.

Respectfully,

Jak Figler

PHOTOGRAPH KEEPSAKES

We are able to capture amazing details from your photos. Unlike traditional photo etching processes, our unique process etches these photos deep into the precious metal for a long-lasting, high-contrast result.

Most of our items can be upgraded from etched prints to a photograph keepsake at an additional cost. Keep in mind, some photographs are not ideal for this process. We encourage you to send a high-resolution copy of the image to jfdorders@gmail.com to verify the image will work with this process.

FREE SILVER COPY WITH GOLD PURCHASE

Receive a free sterling silver copy when purchasing any of our custom print, handwriting, or photo items in 10K, 14K, or 18K Gold!

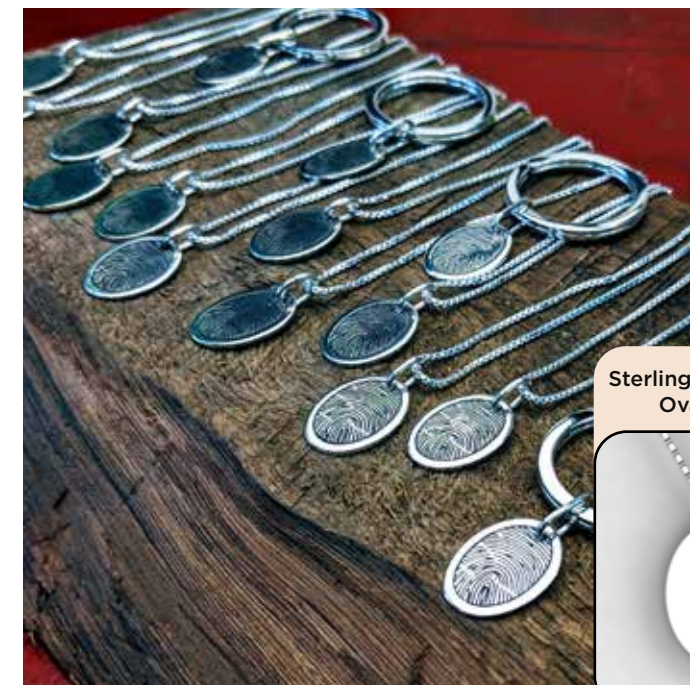

A free silver copy is included with any of our designs where the print, photo, or handwriting is made with 10K, 14K, or 18K gold. The silver copy will be the same shape, size, and layout as the gold item. These free copies will not include any gemstone accents, frames, capsules, flush set stones, halos, other upgrades, or accessories. This offer is not available with custom shapes and sizes. Other restrictions may apply, please contact JFD for details.

TIPS FOR FINGERPRINTS:

Cell Phone Pictures are Ideal!

We recommend taking in-focus, overhead cell phone pictures of the inked fingerprints. Send as many pictures as you would like. If desired, you can even place a coin next to the prints to give us an idea of the actual print size.

- Take pictures of individual prints.
- Zoom in after to verify you can see each line.
- Non-ideal prints will work well using our exclusive print rendering process. (see next page)

PRINT CAPTURING OPTIONS

ORIGINAL PRINT

Ideal Quality, Clear, Defined Lines

RENDERED PRINTS

A mix of technology and artistry is used to render the prints. Great for all print types and qualities. This will even work with most blurry or smudged prints. This is the default option for all incoming orders.

CONTRASTED PRINTS

We capture the prints as they are presented in the image you send. This process only works with ideal-quality inked prints as we want the final item to be as high quality as possible. If this option is chosen but the prints are not compatible, we will automatically switch to the rendered technique.

CUSTOM-MADE KEEPSAKES

by Jak Figler Designs

Our goal is simple: Provide an affordable and high-quality way to capture moments of love in our lives. Sometimes that moment is a celebration of the first impression a little baby's footprint makes on the world. Other times, we capture a client's loving memory of someone who was once at their side. For any occasion, we capture that love, that moment in time, and preserve it forever. Our keepsakes are made with the highest quality precious metals by our staff of professional jewelers. Our team has spent years developing an exclusive process that yields a luxury quality product that is incredibly easy to order. You will discover the amazing detail we can capture from a cell phone picture throughout this catalog. We are a family-owned and operated business in Stow, Ohio, and we proudly make each and every item right here in the USA!
