LET'S HAVE
LUNCH!

Hel...Oh! I fell asleep again! *Yawn*

Hi there! You woke me up but it's okay, I sleep a lot. My mom is always telling me that after a good bowl of bamboo noodles I need to rest. It's what I love to do!

I also love good jokes, so let me tell you some of my favorites:

- 1) What does a panda use to cook? - A Pan, duh!
- 2) What's a panda's favorite thing to draw? - A self pawtrait!

I know, I'm un-BEAR-able! Anyways, I have to go, I'm late for my cycling class.

What's up, bro? Don't be scared, I just want to chill out with my buddies and chow down on a slice of pizza (anchovies are my favorite topping). When I'm not chillin' I like racing boats! I'm pretty fast, so usually I win. My best friend is Wally, the Narwhal. We like to play ring toss with donuts! I live on a sunken ship with my pet fish and a super rad electric guitar! I'm practicing to play a rockin' concert for my best friends someday.

Greetings and welcome to class! Today I'm gonna tell you how much I love school! My favorite class is "Introduction to Juggling" followed by "How to Tie a Necktie". Like every good student, I am involved in a lot of clubs and love to play chess. My friends always ask me to do their assignments and I gladly accept because the only thing better than one assignment is two! I'm very knowledgeable about bow ties, so ping me anytime you need a tip!

Hiya! Welcome to my home in the fluffy rainbow clouds! I just ordered a new sparkly hair pin for my luscious mane and I'm so excited I could burst into thousands of glitters! My best friend is Brian, the Dog, and we like to eat cotton candy until our bellies are full of yumminess and joy. Brian likes to do my homework and I like to take him shopping. Did you know he's a fan of stylish bow ties? If you'd like to hang out with us, the ticket to our club is a pack of rainbow stickers!

G'day, mate! Welcome to Australia! We've got sunny beaches and the best nappin' spots around. My best friend is Bao-Bao, the Panda, and I love to chill out in the shade with our favorite snacks. Sometimes I like to wear my favorite sun hat and take a stroll on the beach. If I'm lucky, I find a cool shell to add to my collection. When I'm not soaking in the sun and napping like a champ, I love to play cards. I'm great at Go Fish, Old Maid, and even Solitaire. Wanna play together? I'll deal!

Hi. I'm a bit shy, but once you get to know me I'm a lot of fun! When my friends are feeling down I talk to them and try to cheer them up. I'm a good listener and a better friend (my best friend is Blaze, the Shark). When I'm hanging with my friends I love to make goofy faces to make them laugh. I'm good at ring toss and I absolutely love kebabs! I live in the chilly waters of the Arctic but I never get cold! Did you know that a narwhal's horn can grow up to three meters long? That's as long as three guitars!
