

300 XRS 4E (EFI)

The TrailMaster 300 XRS4E is an upgrade from the 300 XRS4. This is a full size 4-seat go kart that fits up to 4 adults! Compared to the most common 150cc engine on the market, this model is equipped with a much more powerful 18 HP 300cc CVT fully automatic liquid cool engine equipped with EFI! With fuel injection, users don't need to worry about starting in cold weather or at high altitudes; furthermore, users don't need to fix or replace carburetors after periods of inactivity with the unit.

The 300 XRS4E is built with heavy duty frame, net weights 608 lbs with a max load capacity of 800 lbs! Both front driver and passenger seats are adjustable with driver side pedal to center seat back adjustable from 36" to 43", fits driver/passenger up to 6'2 in height; Front seat to rear seat distance is 26 inches, fits passengers up to 6'2 in height! With big front / rear tires of 20 x 7-8 / 21 x 10-10 and special gear ratio set up, plenty of power to take off and pull 4 people.

We have this model in red, blue, black
