

Trailmaster 300 XRX-E

Announcing the New 300 XRX-E, upgraded with Fuel Injection and LED Headlights!!! Take on the toughest terrain in style with the TrailMaster 300 XRX-E Go Kart with premium features including polished aluminum wheels, a digital speedometer/odometer, led headlights and a bikini sunshade top! But it's not just for show. Underneath all that glitz is a rugged, tubular steel frame with top brush guard, side rails and an enclosed belly pan to take the abuse of harsh off-roading.

Power comes from a 17.4 HP Powerful 300cc CVT fully automatic with reverse engine, Liquid cool EFI (Fuel injection) for a 50 mph top speed and excellent low-end torque. There's enough horsepower to haul loads on the rear utility rack or to pull light-duty trailers with the included ball hitch. Driving is effortless and fun with electric start, rack-and-pinion steering, reverse shifting, dash-mounted controls and dual sport bucket seats with 5 point harnesses.

Driver's seat adjusts from 41 to 46 inches to the pedals while tilt steering tilts. Center and side mount mirrors, F&R hydraulic disc brakes, high/low beam headlights and turn signals add an extra measure of safety. The dual A-arm front and swing-arm rear suspension system provides excellent handling and maneuverability. The 300 XRX-E blazes new trails as the only 300cc GoKart on the market with this many nice features!

We have this model in red, blue, black, orange, green
