

## Blazer 200EX (Fuel Injected)

The TrailMaster Blazer 200EX is an upgrade from our popular Blazer 150X, now with a bigger 169cc GY6 engine and equipped with EFI. With the fuel injection system, users don't have to worry about issues starting in cold weather or at high altitude and furthermore, you don't have to worry about adjusting or replacing carburetors after periods of inactivity with the unit.

Comes standard with a LED light bar, 4MM windshield, nitrogen gas adjustable front and rear shock, racing seat belt, digital speedometer/odometer, aluminum side mirrors, Turn signals, and a sporting steering wheel.

We have this model in red, blue, black, white
