

Cheetah 300EX

True to its namesake, the Cheetah 300EX (EFI) is sleek, powerful, fast and agile with a 17hp Liquid Cooled 275cc 4 stroke power plant with a gear ratio set up to offer maximum low-end torque. The Cheetah 300EX has the suspension of a high-performance go-kart and the functionality of a utility vehicle. Extra-long, independent front swing arms, a double ball joint, articulating rear suspension and ample ground clearance lets you glide over the roughest terrain and performing like independent suspension making it much harder to flip over. Adjustable high back bucket seats, and adjustable steering wheel will accommodate all shapes, sizes and skill level of the wild animal tamers in your family.

Automatic CVT with reverse, hydraulic disk brake, 3-point automotive style retractable seat belts, parking brake, fenders, canopy top and cargo rack are just a few of the many special features. Add the dramatic body panels and the LED light package with flowing turn signals and this is one cool cat!

With the Cheetah 300EX, it also comes with all the bells and whistles which includes aluminum wheels, high quality windshield, LED light bar, side review mirrors and spare tire.

We have this model in blue and red

Cheetah 300EX Specifications
