

## T110 w/6" Wheels ATV

The T110 kid's ATV is a mini-sized, streamlined ATV, powered by a dependable 4 stroke, 110cc motor. The durable double A-arm front suspension, single rear suspension, drum/disc brakes and improved engine design ensure a great ride.

The ATVs light weight and low maintenance design make it perfect for casual yard, field and trail riding. The T110 comes standard with several convenient features including foot brake, automatic transmission and electric start. These quads also come with a rear utility rack for carrying light loads on the trail.

Additional features include a remote control with engine shut-off, front hub brakes, hydraulic disc brakes on the rear, and a durable chain drive.

We have this model in blue, red, black, green, yellow.

## T110 w/6" Wheels
