Safety. Purity. **Performance.**

Spritzig™ was designed by a team of world renowned natural product formulators who wanted to deliver the powerful benefits of CBD in a great tasting sparkling wellness water. Unfortunately, CBD is notoriously poorly absorbed in the body, which leaves most of these powerful bioactives wasted after consumption. To overcome this, we utilize our natural delivery system, **VESIorb®**, which improves the efficacy of CBD more than 400% compared to competitive offerings.

U.S. Sun Grown Hemp

Grown in the richest soil in the U.S., every batch of hemp undergoes the strictest testing to ensure product purity.
