- ✓ Peer-Reviewed Published Study
- ✓ Two-Year, Real-Time Stability Data
- ✓ 14-Day and 90-Day Toxicity Study
- ✓ Triple Lab Tested (ISO17025)

Safety. Purity. **Performance.**

Everyday WELLNESS DROPS are the world's most science-backed CBD tinctures. Our CBD is derived from broad spectrum hemp oil extract that has been proven safe and effective via multiple clinical studies.

It is well-known that hemp oil is poorly absorbed in the human body. To address this, Everyday WELLNESS DROPS utilize a patented, ingredient delivery system, VESISORB®, so health conscious consumers can receive the maximum benefits from our pure hemp extract. Our medical and scientific advisory counsel selected VESISORB® due to its 30-year history of safe and effective use with natural ingredients that is backed by peer-reviewed, published studies. In a recent published study*, our formulation showed significant improvements in CBD absorption and bioavailability.
