

MeasureIt®

Is Your Workload Weighing You Down?
Let LHR Give You A Lift!

Safety Is Our Business

The MeasureIt® Pipe Measuring Tool provides a lightweight secure system for measuring drilling tubulars in drilling rig derricks. The tool is tethered to prevent a potential dropped object.

Specially Designed

The eyelet of the derrick tape fits into the head and is secured by a threaded fastener through the top.

The tape is secured onto the shaft in 3 places with heavy duty Velcro®. The notched underside of the head assists the user in holding the tape on to the pipe.
