

Multi-Grab IV

Is Your Workload Weighing You Down?
Let LHR Give You A Hand!

JACK OF ALL TRADES
HANDLING, PULLING, LIFTING,
HOLDING, GUIDING AND POSITIONING

Safety Is Our Business

The Multi-Grab IV is an extremely versatile material handling, lifting and pulling hand safety tool. It helps keep hands off it and away from hazardous pinch, crush and cut points.

Specially Designed

The D-handle allows for a sure single-handed grip on steel sheet, scrap, drop, assemblies, parts, equipment and more. Use it on worktables, welding tables, water jetting tables, assembly lines and in steel fabrication operations.

The Multi-Grab has a higher pivot point which allows for more clearance over materials, parts and equipment. Facilitates lifting and pulling up on objects vertically.

Multi-Grab IV

JACK OF ALL TRADES
HANDLING, PULLING, LIFTING,
HOLDING, GUIDING AND POSITIONING

EZ Lever Release

Precision laser cut aluminum CAM designed to make removing the magnet from steel quick and easy. Just push handle forward

Lower Pivot Point

Allows for more push/pull force and ability to drag or move heavier parts and pieces

Adjustable
Solid Fiberglass
Rod Extends
and Locks in 3
Positions
